APPLICANT LETTER

Dear Applicant:

This application packet contains information and the required forms for you to use in submitting a new application for funding under one program authorized by the Individuals with Disabilities Education Act (IDEA). This packet covers three competitions under the Personnel Development to Improve Services and Results for Children with Disabilities (CFDA 84.325) Program.

An application for an award must be: (1) hand-delivered, submitted electronically or mailed by the closing date; and, (2) for paper applications, have an original signature on at least one copy of the assurances and certifications (Part IV of the application form). It is also important to include the appropriate Catalog of Federal Domestic Assistance (CFDA) numeric and alpha in Item #4 on ED Form 424 (e.g., CFDA No. 84.325K) for paper applications.

Please note the following:

- APPLICATION SUBMISSION. Based on the precautionary procedures the U.S. Postal Service is using to process mail, we are experiencing delays in the delivery of mail to the Department. Therefore, you may want to consider sending your application by overnight courier or submitting your application electronically.
- E-APPLICATION SUBMISSION. Applications for grants under these competitions may be submitted electronically using the Department of Education's e-Application system. Please read carefully the document that we have included entitled, E-Application Submission Procedures and Tips for Applicants, about submitting electronically using the E-Application site. Please note that you must follow the Application Procedures as described in the Federal Register notice announcing this grant competition. Information (including dates and times) about how to submit your application electronically, or by mail or hand delivery, can also be found in section D-1 Application Transmittal Instructions and Requirements for Intergovernmental Review of this application package.
- MAXIMUM AWARD AMOUNT. In addition to providing detailed budget information for the total grant period requested, the competitions included in this package have a maximum award amount. Please refer to the specific information for the priority/competition to which you are submitting an application (i.e., Section B of this package). Please be advised that for the priorities in this package, the maximum award amount covers all project costs including indirect costs.
- STRICT PAGE LIMITS. The competitions included in this package limit the Part III Application Narrative to a specified number of double-spaced pages. This page limitation applies to all material presented in the application narrative -- including, for example, any charts, tables, figures, and graphs. (Please refer to the specific requirements on page limits for the priority/competition to which you are submitting an application - i.e., Section B of this package). The Department will reject, and will NOT consider an application that does not adhere to the page limit requirements for the competition.
- FORMAT FOR APPLICATIONS. Please note that additional information regarding formatting applications has been included on Page C-3 of the "General Information on Completing an Application" section of this package.
- PROTECTION OF HUMAN SUBJECTS IN RESEARCH. The discretionary grant Application Form SF 424 requires applicants to indicate whether they plan to conduct research involving

human subjects at any time during the proposed project period. The Protection of Human Subjects in Research Attachment is an integral part of the SF 424 form. It includes information that applicants need to complete the protection of human subjects item and, as appropriate, to provide additional information to the Department regarding human subjects research projects. Additional information on completing the protection of human subjects item is also available and can be accessed on the INTERNET at:

www.ed.gov/about/offices/list/ocfo/gcsindex.html

<http://www.ed.gov/about/offices/list/ocfo/humansub.html>

- **RESPONSE TO GPRA.** As required by the Government Performance and Results Act (GPRA) of 1993 OSEP has developed a strategic plan for measuring GPRA performance. The program included in this announcement is authorized under Part D - National Activities to Improve Education of Children with Disabilities of the Individuals with Disabilities Education Act. The Office of Special Education Programs (OSEP) will collect information to assess progress and performance. See Performance Measures included in the Priority Description section of this application package. Applicants are encouraged to consider this information, as applications are prepared.
- **COPIES OF THE APPLICATION.** Current Government-wide policy requires that an original and two copies need to be submitted. OSEP would appreciate receiving three additional copies to facilitate the peer review process. This would mean an original and two copies need to be submitted and we would appreciate your voluntarily submitting an additional three copies (six applications in all). If you are submitting your application electronically, you do not need to submit paper copies of the application. Please note: If an application is recommended for funding and a grant award is issued, we will contact the applicant to request a copy of the application on a diskette or CD. The Department is moving toward an electronic grant filing system and an electronic copy of all applications that are being funded will facilitate this effort.

A program officer is available to provide information to you regarding this competition. Please refer to the name of the program contact at the end of the priority description. OSEP also provides information on developing performance measures and logic models at www.tadnet.org/model_and_performance to assist you in preparing a quality application. For information about other U.S. Department of Education grant and contract opportunities, we encourage you to use the Department's grant information web page which can be accessed on the INTERNET at:

<http://www.ed.gov/about/offices/list/ocfo/grants/grants.html>

We appreciate your efforts to improve the provision of services for individuals with disabilities.

Sincerely,

Lawrence J. Wexler, Ed.D.

Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The purposes of this program are to (1) help address State-identified needs for highly qualified personnel--in special education, related services, early intervention, and regular education--to work with children, including infants and toddlers, with disabilities; and (2) ensure that those personnel have the necessary skills and knowledge, derived from practices that have been determined through scientifically based research and experience, to be successful in serving those children.

Priorities: In accordance with 34 CFR 75.105(b)(2)(iv), these priorities are from allowable activities specified in the statute (see sections 662 and 681 of the Individuals with Disabilities Education Act (IDEA)). Each of the absolute priorities announced in this notice corresponds to a separate competition as follows:

<u>Absolute Priority</u>	<u>Competition CFDA Number</u>
Preparation of Leadership Personnel	84.325D
Combined Personnel Preparation	84.325K
Special Education Preservice Program Improvement Grants	84.325T

Absolute Priorities: For FY 2010 and any subsequent year in which we make awards based on the list of unfunded applications from these competitions, these priorities are absolute priorities. Under 34 CFR 75.105(c)(3), for each competition, we consider only applications that meet the absolute priority for that competition.

The priorities are:

Absolute Priority 1--Preparation of Leadership Personnel (84.325D).

Background:

There is a persistent need for special education, early intervention, and related services personnel who have been trained at the doctoral and postdoctoral levels to fill faculty, research, and direct service positions (Smith, Pion, & Tyler, 2004; Wasburn-Moses & Therrien, 2008; Woods & Snyder, 2009). Further, according to Lashley & Boscardin (2003), there is a need for personnel who have been trained at the graduate level (i.e., masters, education specialist, and doctoral degrees, depending on State certification requirements) to fill special education and early intervention administrator positions.

Federal support is needed to increase the supply of these personnel and ensure that they have the necessary knowledge and skills to assume special education, early intervention, and related services leadership positions in universities, State educational agencies (SEAs), State lead agencies (State LAs), local educational agencies (LEAs), local lead agencies (local LAs), schools, or programs. Critical competencies for special education, early intervention, and related services leadership personnel are varied, depending on the type of training program; however, these competencies often include teaching skills, administrative skills,¹ and research skills as well as current knowledge of effective interventions that improve academic and functional outcomes for children with disabilities, including high-need children with disabilities. For the purpose of this priority, "high-need children with disabilities" refers to children (ages birth through twenty-one, depending on the State) who are eligible for services under IDEA, and who may be further disadvantaged and at risk of educational failure because they: (1) are living in poverty, (2) are

¹For an example of standards for administrative skills, see the performance-based standards for a special education administrator developed by the Council for Exceptional Children (CEC) at: www2.astate.edu/dotAsset/118756.pdf.

far below grade level, (3) are at risk of not graduating with a regular high school diploma on time, (4) are homeless, (5) are in foster care, (6) have been incarcerated, or (7) are English language learners.

Priority:

The purpose of the Preparation of Leadership Personnel priority is to increase the quantity of special education, early intervention, and related services personnel who have been trained at the graduate and advanced graduate levels, and who are well-qualified for, and can effectively carry out leadership positions in universities, SEAs, State LAs, LEAs, local LAs, schools, or programs. This priority supports two types of programs that train leadership personnel:

Type A programs are designed to train, at the advanced graduate level, higher education faculty, researchers, or direct service providers in early intervention, special education, or related services. Type A programs culminate in a doctoral degree or provide postdoctoral learning opportunities.

Note: Training that leads to a Doctor of Audiology (AUD) degree is not included as part of this priority. Training programs that lead to an AUD degree are eligible to apply for funding under the Combined Personnel Preparation priority (CFDA 84.325K) announced elsewhere in this notice.

Type B programs are designed to train, at the graduate or advanced graduate levels, special education or early intervention administrators to work in SEAs, State LAs, LEAs, local LAs, schools, or programs. The applicant, based on State certification requirements for some positions, can determine whether the proposed Type B program prepares personnel for one or more administrative positions. Type B programs prepare personnel for positions such as SEA special education administrators, LEA special education directors or regional directors, school-based special education directors, preschool coordinators, and early intervention coordinators. Type B programs culminate in a master's, education specialist, or doctoral degree. The Office of Special Education Programs (OSEP) intends to fund in FY 2010 at least three approved applications proposing Type B programs.

Note: The training of school principals is not included as part of this priority.

Note: Applicants must identify the specific program type, A or B, for which they are applying for funding as part of the competition title on the application cover sheet (SF form 424, line 4). Applicants may not submit the same proposal for more than one program type.

Note: This priority does not authorize the selection of trainees on the basis of race, ethnicity, gender, or disability status.

To be considered for funding under the Preparation of Leadership Personnel absolute priority, both Type A and Type B program applicants must meet the application requirements contained in the priority. All projects funded under the absolute priority also must meet the programmatic and administrative requirements specified in the priority.

The requirements of this priority are as follows:

(a) Demonstrate, in the narrative section of the application, under “Quality of Project Services,” how--

(1) The program prepares leadership personnel to address the specialized needs of high-need children with disabilities (as defined in the background statement for this absolute priority). To address the needs of this population, the proposed program must--

(i) Identify the competencies needed by leadership personnel to either effectively teach others to implement, or to directly administer or conduct further research on, programs or interventions that improve the academic or functional outcomes of high-need children with disabilities; and

(ii) Prepare leadership personnel to apply these competencies in a variety of settings, including in high-need LEAs,² high-poverty schools,³ and low-performing schools, including the persistently lowest-achieving schools.⁴

(2) All relevant coursework for the proposed program reflects current research and pedagogy on--

²For purposes of this priority, the term high-need LEA means an LEA (a) that serves not fewer than 10,000 children from families with incomes below the poverty line; or (b) for which not less than 20 percent of the children served by the LEA are from families with incomes below the poverty line.

³For the purposes of this priority, the term high-poverty school means, consistent with section 1111(h)(1)(C)(viii) of the ESEA, a school in the highest quartile of schools in the State with respect to poverty level, using a measure of poverty determined by the State.

⁴For purposes of this priority, the term persistently lowest-achieving school means, consistent with section 1003(g) of the ESEA, School Improvement Grants (74 FR 65618), as determined by the State: (i) Any Title I school in improvement, corrective action, or restructuring that (a) is among the lowest-achieving five percent of Title I schools in improvement, corrective action, or restructuring or the lowest-achieving five Title I schools in improvement, corrective action, or restructuring in the State, whichever number of schools is greater; or (b) is a high school that has had a graduation rate as defined in 34 CFR 200.19(b) that is less than 60 percent over a number of years; and (ii) Any secondary school that is eligible for, but does not receive, Title I funds that (a) is among the lowest-achieving five percent of secondary schools or the lowest-achieving five secondary schools in the State that are eligible for, but do not receive, Title I funds, whichever number of schools is greater; or (b) is a high school that has had a graduation rate as defined in 34 CFR 200.19(b) that is less than 60 percent over a number of years. To determine whether a school is a lowest-achieving school for purposes of this definition, a State must take into account both (i) The academic achievement of the “all students” group in a school in terms of proficiency on the State’s assessments under section 1111(b)(3) of the ESEA in reading/language arts and mathematics combined; and (ii) The school’s lack of progress on those assessments over a number of years in the “all students” group.

(i) Participation and achievement in the general education curriculum and improved outcomes for all children with disabilities, including high-need children with disabilities;

(ii) The provision of early intervention services in natural environments to improve outcomes for infants and toddlers with disabilities, including high-need children with disabilities and their families.

(iii) The competencies needed to work in high-need LEAs (as defined in this absolute priority), high-poverty schools (as defined in this absolute priority), and low-performing schools, including the persistently lowest-achieving schools (as defined in this absolute priority).

(3) The program is designed to integrate coursework with practicum opportunities (e.g., interning in a program or school serving high-need children with disabilities) that will enhance the competencies of leadership personnel to effectively--

(i) Serve in a variety of leadership positions, including positions that involve direct service, research, teacher training, or leadership at the university, SEA, State LA, LEA, local LA, school, or program level;

(ii) Work in a variety of leadership settings, particularly those in high-need LEAs with programs and schools serving high-need children with disabilities;

(iii) Collaborate and work with regular education personnel;

(iv) Incorporate universal design for learning principles⁵ into curricula and instructional practice; and

(iv) Integrate instructional and assistive technologies into the delivery of services.

(4) The proposed leadership program ensures that scholars⁶ are knowledgeable about--

(i) Applicable laws that affect children with disabilities, including IDEA and the ESEA;

(ii) The requirements for highly qualified teachers under IDEA and the ESEA;

⁵For purposes of this priority, the term universal design for learning has the meaning provided for the term under the Higher Education Act of 1965, as amended: "a scientifically valid framework for guiding educational practice that--(A) provides flexibility in the ways information is presented, in the ways students respond or demonstrate knowledge and skills, and in the ways students are engaged; and (B) reduces barriers in instruction, provides appropriate accommodations, supports, and challenges, and maintains high achievement expectations for all students, including students with disabilities and students who are limited English proficient" (20 U.S.C. 1003(24)). For consistency across U.S. Department of Education programs, we use this definition for priorities that intend to prepare personnel to teach and work in schools and other settings.

⁶For the purposes of this priority, the term scholar means an individual who is pursuing a degree, license, endorsement, or certification related to special education, related services, or early intervention services and who receives scholarship assistance under section 662 of IDEA (see 34 CFR 304.3(g)).

(iii) The strategies that foster collaboration between personnel serving children with disabilities;
and

(iv) The collection, management, and use of data to improve teaching and learning for the purpose of increasing children's academic and functional outcomes.

(b) Include, in the narrative section of the application under "Quality of Project Evaluation," a clear, effective plan for evaluating the extent to which program graduates have acquired the competencies set forth in the application as part of the proposed program. Applicants also must clearly describe, under "Quality of Project Evaluation," how the project will report these evaluation results to OSEP in the grantee's annual performance reports, the Scholar Data Report, and the project final performance report.

(c) Include, in the application appendix, all course syllabi for the proposed training program. Course syllabi must clearly incorporate research-based curriculum and pedagogy as required under paragraph (a) of this priority.

(d) Provide, in the application narrative, a detailed description of the program that includes the sequence of courses offered in the program and a comprehensive curriculum designed to meet program goals and obtain mastery in the following professional domains, as appropriate--

- (1) Research methodology;
- (2) Personnel preparation;
- (3) Policy or professional practice; or
- (4) Administration practices or techniques.

(e) Demonstrate in the application narrative the existence of national, State, or regional needs through appropriate research data. The applicant must provide evidence of the need for the leadership personnel they are proposing to train.

(f) Certify in the application that the applicant intends that all scholars recruited into the program will graduate from the program by the end of the grant's project period.

(g) Meet the statutory requirements in section 662(e) through 662(h) of IDEA,

(h) Ensure that at least 65 percent of the total requested budget per year will be used for scholar support or provide justification in the application narrative for any designation less than 65 percent.

Examples of sufficient justification for proposing less than 65 percent of the budget for scholar support include:

(1) A project servicing rural areas that provides long-distance training, and requires Web Masters, adjunct professors, or mentors to operate effectively.

(2) A project that is expanding or adding a new area of emphasis to the program and, as a result of this expansion, needs additional faculty or other resources, such as expert consultants, additional training supplies, or equipment that would enhance the program.

Note: Applicants proposing projects to develop, expand, or add a new area of emphasis to special education, early intervention, or related services programs must provide, in their applications, information on how these new areas will be sustained once Federal funding ends.

(i) Certify in the application that the institution will not require scholars recruited into the program to work as a condition of receiving a scholarship (e.g., as graduate assistants, unless the work is required to complete their training program). Please note that this prohibition on work as a condition of receiving a scholarship does not apply to the service obligation requirements in section 662(h) of IDEA.

(j) Budget for attendance at a three-day Project Directors' meeting in Washington, DC, during each year of the project.

(k) If the project maintains a Web site, include relevant information and documents in a format that meets government or industry-recognized standards for accessibility.

(l) Submit annual data on each scholar who receives grant support. Applicants are encouraged to visit the Personnel Development Scholar Data Report Web site for further information about this data collection requirement. Typically, data collection begins on or around November 1st of each year, and grantees are notified by e-mail about the data collection period for their grant. This data collection must be submitted electronically by the grantee and does not supplant the annual grant performance report required of each grantee for continuation funding (see 34 CFR 75.590).

Competitive Preference Priorities: Within this absolute priority, we give competitive preference to applications that meet one or more of the following priorities. For FY 2010 and any subsequent year in which we make awards from the list of unfunded applicants from this competition, these priorities are competitive preference priorities.

Competitive Preference Priority 1: Under 34 CFR 75.105(c)(2)(i) we award an additional 5 points to an application that meets this priority.

This priority is:

Applicants that demonstrate an established relationship with a high-need LEA that will provide scholars with a high-quality practicum experience in a high-poverty school, which may include a professional development school.⁷

Competitive Preference Priority 2: Under 34 CFR 75.105(c)(2)(i) we award an additional 5 points to an application that meets this priority.

This priority is:

Applicants that prepare leadership personnel who will either provide direct services to, or train others who will work with, children, including infants and toddlers, who are deaf or hard of hearing to teach them listening and spoken language skills.

Note: Five is the maximum amount of points an applicant can receive for meeting one or both of the competitive preference priorities. The Department will fund a maximum of three applications in each of competitive preference priorities one and two with peer review scores that would not have otherwise qualified for funding without the competitive preference points.

Absolute Priority 2--Combined Personnel Preparation (84.325K).

Background:

State agencies, university training programs, local schools, early intervention programs, and community-based entities have emphasized the importance and difficulty of improving training programs for personnel to serve children, including infants and toddlers, with disabilities (Anderson & Hendrickson, 2007; Chang, Early, & Winton, 2005; Dymond, Gilson, & Myran, 2007). In addition, the national demand for fully credentialed early intervention, special education, and related services personnel to serve children, including infants and toddlers, with disabilities exceeds the available supply (McLeskey & Billingsley, 2008). Federal support is needed to increase the supply of these personnel and ensure that they have the necessary skills and knowledge to be successful in serving these children.

Priority:

The purpose of the Combined Personnel Preparation priority is to improve the quality and increase the number of personnel who are fully credentialed to serve children, including infants and toddlers, with disabilities--especially in areas of chronic personnel shortage--by supporting projects that prepare early intervention, special education, and related services personnel at the associate, baccalaureate, master's, and specialist levels. In order to be eligible under this priority, programs must provide training and support for scholars⁸ to complete, within the project period of the grant, a degree, State certification, professional license, or State endorsement in early intervention, special education, or a related services field. Programs preparing scholars to be special education paraprofessionals, assistants in related services professions (e.g., physical therapist assistants, occupational therapist assistants), or educational interpreters are also eligible under this priority.

Programs that provide an alternate route to certification or that support dual certification (special education and general education) for teachers are eligible as well.

⁸For the purposes of this priority the term scholar means an individual who is pursuing a degree, license, endorsement, or certification related to special education, related services, or early intervention services and who receives scholarship assistance under section 662 of IDEA (see 34 CFR 304.3(g)).

Note: This priority does not authorize the selection of trainees on the basis of race, ethnicity, gender, or disability status.

To be considered for funding under the Combined Personnel Preparation absolute priority, applicants must meet the application requirements contained in the priority. All projects funded under this absolute priority also must meet the programmatic and administrative requirements specified in the priority. These requirements are as follows:

(a) Demonstrate, in the narrative section of the application under “Quality of Project Services,” how--

(1) Training requirements and required coursework for the proposed training program incorporate research-based practices that improve outcomes for children with disabilities (including relevant research citations);

(2) The program is designed to integrate coursework with practicum opportunities that will enhance the competencies of special education personnel to effectively--

(i) Serve and instruct children with disabilities;

(ii) Collaborate and work with regular education personnel;

(iii) Incorporate universal design for learning principles⁹ into curricula and instructional practice;

(iv) Integrate instructional and assistive technologies into the delivery of services;

(v) Collect, manage, and analyze data to improve teaching and learning for the purpose of increasing student academic achievement; and

(vi) Support and work with parents and families of children with disabilities;

(3) The program prepares personnel to address the specialized needs of high-need children with disabilities.

Note: For the purpose of this priority, “high-need children with disabilities” refers to children (ages birth through twenty-one, depending on the State) who are eligible for services under IDEA, and who may be

⁹For purposes of this priority, the term universal design for learning has the meaning provided for the term under the Higher Education Act of 1965, as amended: “a scientifically valid framework for guiding educational practice that--(A) provides flexibility in the ways information is presented, in the ways students respond or demonstrate knowledge and skills, and in the ways students are engaged; and (B) reduces barriers in instruction, provides appropriate accommodations, supports, and challenges, and maintains high achievement expectations for all students, including students with disabilities and students who are limited English proficient.” (20 U.S.C. 1003(24)) For consistency across U.S. Department of Education programs, we use this definition for priorities that intend to prepare personnel to teach and work in schools and other settings.

further disadvantaged and at risk of educational failure because they: (1) are living in poverty, (2) are far below grade level, (3) are at risk of not graduating with a regular high school diploma on time, (4) are homeless, (5) are in foster care, (6) have been incarcerated, or (7) are English language learners.

The program prepares personnel to work with this particular population by--

(i) Identifying the competencies needed by personnel to work with high-need children with disabilities.

(ii) Preparing personnel to apply these competencies in a variety of settings, including in high-need LEAs,¹⁰ high-poverty schools,¹¹ and low-performing schools, including the persistently lowest achieving schools.¹²

(iii) Preparing personnel to use those competencies through early intervention, special education, and related services training programs.

(4) If preparing beginning special educators, the program is designed to provide extended clinical learning opportunities,¹³ field experiences, or supervised practica (such as an additional year), and ongoing high-quality mentoring and induction opportunities;

(5) The program includes field-based training opportunities for scholars (as defined in 34 CFR 304.3(g));

(6) The proposed training program will--

¹⁰For purposes of this priority, the term high-need LEA means a local educational agency (LEA) (a) that serves not fewer than 10,000 children from families with incomes below the poverty line; or (b) for which not less than 20 percent of the children served by the LEA are from families with incomes below the poverty line.

¹¹For purposes of this priority, the term high-poverty school means, consistent with section 1111(h)(1)(C)(viii) of the ESEA, a school in the highest quartile of schools in the State with respect to poverty level, using a measure of poverty determined by the State.

¹²For purposes of this priority, the term persistently lowest-achieving school means, consistent with section 1003(g) of the ESEA, School Improvement Grants (74 FR 65618), as determined by the State: (i) Any Title I school in improvement, corrective action, or restructuring that (a) is among the lowest-achieving five percent of Title I schools in improvement, corrective action, or restructuring or the lowest-achieving five Title I schools in improvement, corrective action, or restructuring in the State, whichever number of schools is greater; or (b) is a high school that has had a graduation rate as defined in 34 CFR 200.19(b) that is less than 60 percent over a number of years; and (ii) Any secondary school that is eligible for, but does not receive, Title I funds that (a) is among the lowest-achieving five percent of secondary schools or the lowest-achieving five secondary schools in the State that are eligible for, but do not receive, Title I funds, whichever number of schools is greater; or (b) is a high school that has had a graduation rate as defined in 34 CFR 200.19(b) that is less than 60 percent over a number of years. To determine whether a school is a lowest-achieving school for purposes of this definition, a State must take into account both (i) The academic achievement of the "all students" group in a school in terms of proficiency on the State's assessments under section 1111(b)(3) of the ESEA in reading/language arts and mathematics combined; and (ii) The school's lack of progress on those assessments over a number of years in the "all students" group.

¹³For the purposes of this priority, the term clinical learning opportunities are a method of instruction for students to apply knowledge and skills in highly controlled or simulated situations to ensure that they possess needed skills and competencies prior to entering actual or typical environments with children with disabilities.

(i) Enable scholars to be highly qualified, in accordance with section 602(10) of the Individuals with Disabilities Education Act (IDEA) and 34 CFR 300.18, in the State(s) to be served by the applicant; and

(ii) Ensure that scholars are equipped with the knowledge and skills necessary to assist children in meeting State academic achievement standards; and

(7) The training program provides support to scholars through innovative strategies that are designed to enhance scholar retention and success in the program, such as using tutors or mentors or providing extended clinical learning opportunities or other field experiences.

(b) Include, in the narrative section of the application under “Quality of Project Evaluation,” a clear, effective plan for evaluating the extent to which graduates of the training program have the knowledge and skills necessary to provide scientifically based or evidence-based instruction and services that result in improved outcomes for children with disabilities. Applicants also must clearly describe, under “Quality of Project Evaluation,” how the project will report these evaluation results to the Office of Special Education Programs (OSEP) in the grantee’s annual performance reports, the Scholar Data Report, and the project final performance report.

(c) Include, in the application appendix, all course syllabi for the proposed training program. Course syllabi must incorporate research-based curriculum and pedagogy as required under paragraph (a) of this priority.

(d) Certify in the application that the applicant intends that all scholars recruited into the program will graduate from the program by the end of the grant’s project period.

(e) Certify in the application that the institution will not require scholars recruited into the program to work as a condition of receiving a scholarship (e.g., as graduate assistants, unless the work is required to complete their training program). Please note that this prohibition on work as a condition of receiving a scholarship does not apply to the service obligation requirements in section 662(h) of IDEA.

(f) Meet the statutory requirements contained in section 662(e) through 662(h) of IDEA.

(g) Ensure that at least 65 percent of the total requested budget per year be used for scholar support.

(h) Budget for attendance at a three-day Project Directors' meeting in Washington, DC, during each year of the project.

(i) If the project maintains a Web site, include relevant information and documents in a form that meets government or industry-recognized standards for accessibility.

(j) Submit annual data on each scholar who receives grant support. Applicants are encouraged to visit the Personnel Development Scholar Data Report Web site for further information about this data collection requirement. Typically, data collection begins on or around November 1st of each year, and grantees are notified by e-mail about the data collection period for their grant. This data collection must be submitted electronically by the grantee and does not supplant the annual grant performance report required of each grantee for continuation funding (see 34 CFR 75.590).

Focus Areas:

Within this absolute priority, the Secretary intends to support projects under the following five focus areas: (A) Training Personnel to Serve Infants, Toddlers, and Preschool-Age Children with Disabilities; (B) Training Personnel to Serve School-Age Children with Low-Incidence Disabilities; (C) Training Personnel to Provide Related Services to Children, Including Infants and Toddlers, with Disabilities; (D) Training Personnel in Minority Institutions to Serve Children, Including Infants and Toddlers, with Disabilities; and (E) Training Personnel to Provide Secondary Transition Services to School-Age Children with Disabilities.

Note: Applicants must identify the specific focus area (i.e., A, B, C, D, or E) under which they are applying as part of the competition title on the application cover sheet (SF form 424, line 4). Applicants may not submit the same proposal under more than one focus area.

Focus Area A: Training Personnel to Serve Infants, Toddlers, and Preschool-Age Children with Disabilities. For the purpose of Focus Area A, early intervention personnel are those who are trained to provide services to infants and toddlers with disabilities ages birth to three, and early childhood personnel are those who are trained to provide services to children with disabilities ages three through five (in States where the age range is other than ages three through five, we will defer to the State's certification for early childhood). In States where certification in early intervention is combined with certification in early childhood, applicants may propose a combined early intervention and early childhood training project

under this focus area. We encourage interdisciplinary projects under this focus area. For purposes of this focus area, interdisciplinary projects are projects that implement common core content and practical experiences across disciplines for early intervention providers or early childhood special educators, and related services personnel to serve infants, toddlers, and preschool-age children with disabilities. Projects training only related services personnel to serve infants, toddlers, and preschool-age children with disabilities are not eligible under this focus area (see Focus Area C).

Focus Area B: Training Personnel to Serve School-Age Children with Low-Incidence Disabilities. For the purpose of Focus Area B, personnel who serve children with low-incidence disabilities are special education personnel, including paraprofessionals, trained to serve school-age children with low-incidence disabilities including visual impairments, hearing impairments, simultaneous vision and hearing impairments, significant cognitive impairments (severe mental retardation), orthopedic impairments, autism, and traumatic brain injury. Programs preparing special education personnel to provide services to visually impaired or blind children that can be appropriately provided in braille must prepare those individuals to provide those services in braille. Projects training educational interpreters are eligible under this focus area. Projects training other related services, speech and language, or adapted physical education personnel are not eligible under this focus area (see Focus Area C). Projects training special education early intervention or preschool personnel are not eligible under this focus area (see Focus Area A).

Focus Area C: Training Personnel to Provide Related Services to Children, Including Infants and Toddlers, with Disabilities. Programs training related services personnel to serve children, including infants and toddlers, with disabilities are eligible within Focus Area C. For the purpose of this focus area, related services include, but are not limited to, psychological services, physical therapy (including therapy provided by personnel trained at the Doctor of Physical Therapy (DPT) level), adapted physical education, occupational therapy, therapeutic recreation, social work services, counseling services, audiology services (including services provided by personnel trained at the Doctor of Audiology (DAud) level), and speech and language services. Training programs in States where personnel trained to serve children with speech and language impairments are considered to be special educators are eligible under

this focus area. Projects training educational interpreters are not eligible under this focus area (see Focus Area B).

Focus Area D: Training Personnel in Minority Institutions to Serve Children, Including Infants and Toddlers, with Disabilities. Programs in minority institutions are eligible under Focus Area D if they train:

(a) personnel to serve one or more of the following: infants, toddlers, and preschool-age children with disabilities; (b) personnel to serve school-age children with low-incidence disabilities; (c) personnel to provide related services to children, including infants and toddlers, with disabilities; or (d) personnel to provide secondary transition services to school-age children with disabilities. Minority institutions include institutions with a minority enrollment of 25 percent or more, which may include Historically Black Colleges and Universities, Tribal Colleges, and Predominantly Hispanic Serving Colleges and Universities. Programs in minority institutions training personnel in Focus Areas A, B, C, and E are eligible within Focus Area D. Programs that are training high-incidence special education personnel are not eligible under this priority (for the purpose of this priority “high-incidence disabilities” refers to learning disabilities, emotional disturbance, or mental retardation). However, programs that are training high-incidence special education personnel are eligible under Absolute Priority 3 described elsewhere in this notice.

Note: A project funded under Focus Area D may budget for less than 65 percent, the required percentage, for scholar support if the applicant can provide sufficient justification for any designation less than this required percentage. Sufficient justification for proposing less than 65 percent of the budget for scholar support would include support for activities such as program development, program expansion, or the addition of a new area of emphasis. Some examples of projects that may be eligible to designate less than 65 percent of their budget for scholar support include the following:

- (1) A project that is proposing to start a new program may request up to a year for program development and capacity building. In the initial project year, no scholar support would be required. Instead, a project could hire a new faculty member or a consultant to assist in program development.
- (2) A project that is proposing to build capacity may hire a field supervisor so that additional scholars can be trained.

(3) A project that is proposing to expand or add a new area of emphasis to the program may hire additional faculty or obtain other resources such as expert consultants, additional training supplies, or equipment that would enhance the program.

Note: Applicants proposing projects to develop, expand, or add a new area of emphasis to special education or related services programs must provide, in their applications, information on how these new areas will be sustained once Federal funding ends.

Focus Area E: Training Personnel to Provide Secondary Transition Services to School-Age Children with Disabilities. Programs that offer a sequence of career, vocational, or secondary transition courses or that enable personnel to meet State requirements for a credential or endorsement in secondary transition services for children with disabilities are eligible under Focus Area E. Eligible applicants must establish partnerships with the appropriate personnel in the institution's vocational rehabilitation counseling and career and technical education programs, if those programs are offered at the institution. Funds may be used to support faculty from those programs for their involvement in the activities outlined in this priority. Applicants must also provide documentation of the partnership in the form of a letter from the Dean or Department Chair. This letter must describe how the faculty from those programs will be involved in the partnership (e.g., involvement in the design and delivery of courses and the supervision of scholar practicum experiences).

Competitive Preference Priorities: Within this absolute priority, we give competitive preference to applications that meet one or more of the following priorities. For FY 2010 and any subsequent year in which we make awards from the list of unfunded applicants from this competition, these priorities are competitive preference priorities.

Competitive Preference Priority 1: Under 34 CFR 75.105(c)(2)(i) we award an additional 5 points to an application that meets this priority.

This priority is:

Applicants that design, field-test, and implement, as part of the evaluation described pursuant to paragraph (b) of the absolute priority under "Quality of Project Evaluation," a clear, effective plan for evaluating the knowledge and skills of graduates using a methodology that: (1) tracks graduates after they exit from a training program; and (2) is sufficiently rigorous to yield reliable information on the quality

of services provided by program graduates. Applicants must also discuss how they intend to use results and findings from this evaluation as a basis for enhancing the curriculum, pedagogy, and other elements of the training program receiving support.

The applicant can use up to \$25,000 of the total award in each of years 1 and 2 for designing and field-testing the evaluation plan and can use up to \$100,000 in each of years 3 and 4 for implementing the evaluation plan. Funds for the design, field testing, and implementation of the evaluation plan are not subject to the requirement to use at least 65 percent of the total requested budget per year for scholar support.

Competitive Preference Priority 2: Under 34 CFR 75.105(c)(2)(i) we award an additional 5 points to an application that meets this priority.

This priority is:

Applicants that demonstrate an established relationship with a high-need LEA (as defined in this absolute priority) that will provide scholars with a high-quality practicum experience in a high-poverty school (as defined in the absolute priority), which may include a professional development school,¹⁴ and opportunities for research-based professional development on strategies to better serve high-need children with disabilities.

Competitive Preference Priority 3: Under 34 CFR 75.105(c)(2)(i) we award an additional 5 points to an application that meets this priority.

This priority is:

In Focus Area D, applicants that document that they are institutions with minority enrollment of 50 percent or more.

Competitive Preference Priority 4: Under 34 CFR 75.105(c)(2)(i) we award an additional 5 points to an application that meets this priority.

This priority is:

¹⁴For the purposes of this priority the term professional development schools are innovative partnerships between school districts and institutions of higher education that focus on four primary goals: (a) the preparation of new teachers; (b) faculty development; (c) inquiry directed at the improvement of practice; and (d) enhanced student achievement (National Council for Accreditation of Teacher Education, 2009).

In Focus Areas A, B, C, and D, applicants that prepare personnel who work with children, including infants and toddlers, who are deaf or hard of hearing to teach them listening and spoken language skills.

Note: Five is the maximum amount of points an applicant can receive for meeting competitive preference priorities 2, 3, or 4. Ten is the maximum amount of points an applicant can receive for meeting competitive preference priority 1 and either of competitive preference priorities 2, 3, or 4. Also, the Department will fund a maximum of three applications in each of the Focus Areas, with peer review scores that would not have otherwise qualified for funding without the competitive preference points.

Background:

State educational agencies, institutions of higher education (IHEs), and local educational agencies (LEAs) consistently report that personnel preparation programs for kindergarten through grade 12 (K-12) special education teachers should be restructured or redesigned so that graduates of these programs meet the highly qualified teacher (HQT) requirements in the Individuals with Disabilities Education Act (IDEA). To accomplish this goal, personnel preparation programs must ensure that their graduates who expect to be providing instruction in a core academic subject are able to meet State special education certification or licensure requirements, as well as have the necessary content knowledge, consistent with the HQT requirements in IDEA.

In A Blueprint for Reform: The Reauthorization of the Elementary and Secondary Education Act (ESEA) (Blueprint),¹⁵ the Department emphasizes research that shows that “top-performing teachers can make a dramatic difference in the achievement of their students, and suggests that the impact of being assigned to top-performing teachers year after year is enough to significantly narrow achievement gaps.” Reflecting this research, in both the Race to the Top competition¹⁶ and the Blueprint, the Department has called for a focus on teacher effectiveness, determined by multiple measures, including in significant part the growth of each teacher’s students. High-quality information on teacher effectiveness that is based on multiple measures can be used to provide feedback to teachers for on-going improvement and support every teacher’s access to effective preparation, on-going support, recognition, and the collaboration opportunities he or she needs to succeed.

Priority:

The purpose of this priority is to support the improvement and restructuring (through expansion or redesign) of K-12 special education teacher preparation programs to ensure that program graduates meet the HQT requirements in IDEA and effectively serve children with high-incidence disabilities. For the purposes of this priority, the term high-incidence disabilities refers to learning disabilities, emotional disturbance, or mental retardation. In order to be eligible under this priority, applicants must currently prepare special education personnel (at the baccalaureate or master’s level) to serve school-age children with high-incidence disabilities.

Note: This priority only supports the improvement or restructuring of existing programs for high-incidence personnel, through, for example, the expansion of a program for elementary school teachers to include a program for secondary school teachers serving children with high-incidence disabilities. This priority does not support the development of new programs for high-incidence personnel. In addition, this priority does not support the improvement of programs in institutions of higher education (IHEs) that are preparing preschool teachers.

Note: This priority does not authorize the selection of trainees on the basis of race, ethnicity, gender, or disability status.

To be considered for funding under the Special Education Preservice Program Improvement Grants priority, applicants must meet the application requirements contained in the priority. All projects funded under the absolute priority also must meet the programmatic and administrative requirements specified in the priority. The requirements of this priority are as follows:

(a) Demonstrate, in the narrative section of the application under “Quality of Project Services,” how--

(1) The first year of the project period will be used for planning an improved or restructured K-12 teacher preparation program that includes induction and mentoring for program participants in LEAs. The planning activities during the first year must include revising curriculum; integrating evidence-based interventions that improve outcomes for children with high-incidence disabilities into the improved or restructured program (including providing research citations for those evidence-based interventions); and coordinating with the IDEA '04 and Research For Inclusive Settings (IRIS) Center for Training Enhancements on the use of its Web-based training modules (see www.iris.peabody.vanderbilt.edu). Applicants must describe first-year activities and include a five-year timeline and implementation plan in their applications. This plan must describe the proposed project activities associated with implementation of the improved or restructured program. Implementation of the plan may not begin without approval from OSEP;

(2) The improved or restructured program is designed to integrate coursework with practicum opportunities that will enhance the competencies of beginning special education teachers to--

(i) Collaborate and work with general education teachers and other personnel to:

(A) Provide effective services and instruction in academic subjects to children with high-incidence disabilities in K-12 general education classrooms; and

(B) Address the challenges of serving high-need children with disabilities.

Note: For the purpose of this priority, “high-need children with disabilities” refers to children (ages birth through twenty-one, depending on the State) who are eligible for services under IDEA, and who may be further disadvantaged and at risk of educational failure because they: (1) are living in poverty, (2) are far below grade level, (3) are at risk of not graduating with a regular high school diploma on time, (4) are homeless, (5) are in foster care, (6) have been incarcerated, or (7) are English language learners.

- (ii) Incorporate universal design for learning principles¹⁷ into curricula and instructional practice;
 - (iii) Integrate instructional and assistive technologies into the delivery of services;
 - (iv) Collect, manage, and analyze data to improve teaching and learning for the purpose of increasing student academic achievement; and
 - (v) Support and work with parents and families of children with disabilities;
- (3) The improved or restructured program is designed to prepare special education teachers to address the specialized needs of high-need children with disabilities (as defined in this absolute priority) with high-incidence disabilities by identifying the competencies that special education teachers need to work effectively with this population;
- (4) The improved or restructured program is designed to provide extended clinical learning opportunities,¹⁸ field experiences, or supervised practica and ongoing high- quality mentoring and induction opportunities in local schools. Applicants also must demonstrate how they will collaborate with the National Center to Inform Policy and Practice in Special Education Professional Development in designing the program to provide extended clinical learning opportunities, field experiences, or supervised practica (see www.ncipp.org);
- (5) The improved or restructured program is designed to include field-based training opportunities in diverse settings including high-need LEAs,¹⁹ high-poverty schools,²⁰ and low-performing schools, including the persistently lowest-achieving schools;²¹

¹⁷For purposes of this priority, the term universal design for learning under the Higher Education Act of 1965, as amended: “a scientifically valid framework for guiding educational practice that--(A) provides flexibility in the ways information is presented, in the ways students respond or demonstrate knowledge and skills, and in the ways students are engaged; and (B) reduces barriers in instruction, provides appropriate accommodations, supports, and challenges, and maintains high achievement expectations for all students, including students with disabilities and students who are limited English proficient” (20 U.S.C. 1003(24)). For consistency across U.S. Department of Education programs, we use this definition for priorities that intend to prepare personnel to teach and work in schools and other settings.

¹⁸Clinical learning opportunities are a method of instruction for students to apply knowledge and skills in highly controlled or simulated situations to ensure that they possess needed skills and competencies prior to entering actual or typical environments with children with disabilities.

¹⁹For purposes of this priority, the term high-need LEA means an LEA (a) that serves not fewer than 10,000 children from families with incomes below the poverty line; or (b) for which not less than 20 percent of the children served by the LEA are from families with incomes below the poverty line.

²⁰For purposes of this priority, the term high-poverty school means, consistent with section 1111(h)(1)(C)(viii) of the ESEA, a school in the highest quartile of schools in the State with respect to poverty level, using a measure of poverty determined by the State.

²¹For purposes of this priority, the term persistently lowest-achieving school means, consistent with the section 1003(g) of the ESEA, School Improvement Grants (74 FR 65618), as determined by the State: (i) Any Title I school in improvement, corrective action, or restructuring that (a) is among the lowest-achieving five percent of Title I schools in improvement, corrective action, or restructuring or the lowest-achieving five Title I schools in improvement, corrective action, or restructuring in the State, whichever number of schools is greater; or (b) is a high school that has had a graduation rate as defined in 34 CFR 200.19(b) that is less than 60 percent over a number of years; and (ii) Any secondary school that is eligible for, but does not receive, Title I funds that (a) is among the lowest-achieving five percent of secondary schools or the lowest-achieving five secondary schools in the State

(6) The improved or restructured program will--

(i) Enable scholars²² to be highly qualified, in accordance with section 602(10) of IDEA and 34 CFR 300.18, in the State(s) to be served by the applicant; and

(ii) Ensure that scholars are equipped with the knowledge and skills necessary to assist children in meeting State academic achievement standards;

(7) The improved or restructured program is designed to provide support systems (including tutors, mentors, and other innovative practices) to enhance retention in and successful completion of the program; and

(8) The improved or restructured program will be maintained once Federal funding ends.

(b) For programs that will be restructured to produce graduates who meet the HQT requirements for teachers who teach core academic subjects, applicants must establish partnerships with the appropriate academic departments. Funds may be used to support faculty from the academic departments for their involvement in the activities outlined in paragraph (a)(4) of this priority. To address this requirement, applications must--

(1) Describe how representatives of relevant academic departments with expertise in the core academic subjects being addressed in the application will be involved in the partnership;

(2) Provide evidence that such partnerships will include a permanent faculty member from the appropriate academic departments, who will be involved in developing the overall project and designing the curriculum used to train scholars in the particular core academic subject; and

(3) Provide evidence that permanent faculty members from the appropriate academic departments participated in the design of the program.

(c) Include, in the narrative section of the application under "Quality of Project Evaluation," a clear, effective plan for evaluating the extent to which graduates of the training program have the knowledge and skills necessary to provide scientifically based or evidence-based instruction and services

that are eligible for, but do not receive, Title I funds, whichever number of schools is greater; or (b) Is a high school that has had a graduation rate as defined in 34 CFR 200.19(b) that is less than 60 percent over a number of years. To determine whether a school is a lowest-achieving school, a State must take into account both (i) The academic achievement of the "all students" group in a school in terms of proficiency on the State's assessments under section 1111(b)(3) of the ESEA in reading/language arts and mathematics combined; and (ii) The school's lack of progress on those assessments over a number of years in the "all students" group.

²²For the purposes of this priority, the term scholar means an individual who is pursuing a degree, license, endorsement, or certification related to special education, related services, or early intervention services and who receives scholarship assistance under section 662 of IDEA (see 34 CFR 304.3(g)).

that result in improved outcomes for children with disabilities. This plan must include a description of how the project will--

- (1) Track training program graduates after they exit from the training program;
- (2) Collect reliable data on the academic outcomes of students with high-incidence disabilities receiving special education and related services from program graduates; and
- (3) Assess the quality of services provided by program graduates using student academic outcomes data, and data on other student outcomes as appropriate. Applicants must discuss how they intend to use any results and findings from this evaluation as a basis for informing and validating any proposed changes to the improved or restructured program. Applicants also must clearly describe, under "Quality of Project Evaluation," how the project will report these evaluation results to OSEP in the grantee's annual performance reports and final performance report.
- (d) Include, in the application appendix, all course syllabi for the existing teacher preparation program.
- (e) Submit to the Department, at the end of the first year of the project period, revised syllabi for the improved teacher preparation program.
- (f) Meet the statutory requirements in section 662(e) through 662(f) of IDEA.
- (g) Budget for planning and improvement activities, including activities to be performed by consultants. This priority does not provide financial support for scholars during any year of the project.
- (h) Budget for attendance at a three-day Project Directors' meeting in Washington, DC, during each year of the project.
- (i) If the project maintains a Web site, include relevant information and documents in a form that meets government or industry-recognized standards for accessibility.

Competitive Preference Priorities: Within this absolute priority, we give competitive preference to applications that address the following priority. For FY 2010 and any subsequent year in which we make awards from the list of unfunded applicants from this competition, these priorities are competitive preference priorities.

Competitive Preference Priority 1: Under 34 CFR 75.105(c)(2)(i) we award an additional 5 points to an application that meets this priority.

This priority is:

Competitive Preference Points Based on Collaborative Activities with an SEA or State Licensing Agency.

Applicants that document how the project will collaborate with the SEA or State teacher licensing agency on issues of program improvement that affect teacher quality and effectiveness. For purposes of this competitive preference priority, documentation must include at least a letter from both the Dean and Department Chair of the appropriate college or department that supports high-incidence special education teacher preparation and from the relevant SEA or State teacher licensing agency verifying their intent to collaborate to improve teacher quality and effectiveness. The letter must include examples of the methods to be used for collaboration (i.e., establishing a statewide consortium of teacher preparation programs for program improvement, program evaluation support, or other activities that would directly support program improvement of the projects within that State).

Competitive Preference Priority 2: Under 34 CFR 75.105(c)(2)(i) we award an additional 5 points to an application that meets this priority.

This priority is:

Competitive Preference Points Based on Dual Certification (i.e., high-incidence disabilities and regular education).

Applicants that document that the improved or restructured program will prepare graduates to be dually certified in high-incidence disabilities and regular education. Documentation for purposes of this competitive preference priority must include at least a letter from both the Dean or Department Chair of the appropriate college or department that supports high-incidence special education teacher preparation and from the Dean or Department Chair of the appropriate college or department that prepares regular education teachers verifying their intent to collaborate to ensure that the improved or restructured program will prepare graduates to be dually certified in high-incidence disabilities and regular education. The applicant must include examples of collaboration in the letter of intent.

Waiver of Proposed Rulemaking: Under the Administrative Procedure Act (APA) (5 U.S.C. 553) the Department generally offers interested parties the opportunity to comment on proposed priorities and

requirements. Section 681(d) of IDEA, however, makes the public comment requirements of the APA inapplicable to the priorities in this notice.

Program Authority: 20 U.S.C. 1462 and 1481.

Applicable Regulations: (a) The Education Department General Administrative Regulations (EDGAR) in 34 CFR parts 74, 75, 77, 79, 80, 81, 82, 84, 85, 86, 97, 98, and 99. (b) The regulations for this program in 34 CFR part 304.

*We will reject any application that proposes a budget exceeding the maximum award for a single budget period of 12 months. The Assistant Secretary for Special Education and Rehabilitative Services may change the maximum amount through a notice published in the Federal Register.

** For the Special Education Preservice Program Improvement Grants, 84.325T competition:

Note: We will reject any application that proposes a budget exceeding the maximum award for a single budget period of 12 months.

Note: No more than one cooperative agreement will be awarded per IHE during the five-year project period. Programs in minority institutions that are preparing special education teachers of children with high-incidence disabilities are eligible to apply under this competition. For purposes of this competition, the term “minority institutions” include IHEs with a minority enrollment of 25 percent or more, which may include Historically Black Colleges and Universities, Tribal Colleges, and Predominantly Hispanic Serving Colleges and Universities.

Note: The Department is not bound by any estimates in this notice.

III. Eligibility Information

1. Eligible Applicants: Institutions of higher education (IHEs).

Note: For Absolute Priority 2--Special Education Preservice Program Improvement Grants (84.325T), programs in IHEs that are preparing preschool teachers are not eligible to apply under that competition.

2. Cost Sharing or Matching: This program does not require cost sharing or matching.

3. Other: General Requirements-- (a) The projects funded under this program must make positive efforts to employ and advance in employment qualified individuals with disabilities (see section 606 of IDEA).

- (b) Each applicant and grant recipient funded under this program must involve individuals with disabilities or parents of individuals with disabilities ages birth through 26 in planning, implementing, and evaluating the project (see section 682(a)(1)(A) of IDEA).

IV. Application and Submission Information

1. Address to Request Application Package: Education Publications Center (ED Pubs), U.S. Department of Education, P.O. Box 22207, Alexandria, VA 22304. Telephone, toll free: 1-877-433-7827. FAX: (703) 605-6794. If you use a telecommunications device for the deaf (TDD), call, toll free: 1-877-576-7734.

You can contact ED Pubs at its Web site, also: www.EDPubs.gov or at its e-mail address: edpubs@inet.ed.gov.

If you request an application from ED Pubs, be sure to identify the competition as follows: CFDA number 84.325D, 84.325K, or 84.325T.

Individuals with disabilities can obtain a copy of the application package in an accessible format (e.g., braille, large print, audiotape, or computer diskette) by contacting the person or team listed under Accessible Format in section VIII of this notice.

2. Content and Form of Application Submission: Requirements concerning the content of an application, together with the forms you must submit, are in the application package for this competition. Page Limit: The application narrative (Part III of the application) is where you, the applicant, address the selection criteria that reviewers use to evaluate your application. You must limit Part III to the equivalent of no more than 50 pages using the following standards:

A "page" is 8.5" x 11", on one side only, with 1" margins at the top, bottom, and both sides.

- Double space (no more than three lines per vertical inch) all text in the application narrative, including titles, headings, footnotes, quotations, references, and captions, as well as all text in charts, tables, figures, and graphs.
- Use a font that is either 12 point or larger or no smaller than 10 pitch (characters per inch).

The page limit does not apply to Part I, the cover sheet; Part II, the budget section, including the narrative budget justification; Part IV, the assurances and certifications; or the one-page abstract, the resumes, the bibliography, the references, or the letters of support. However, you must include all of the application narrative in Part III.

We will reject your application if you exceed the page limit; or if you apply other standards and exceed the equivalent of the page limit.

3. Submission Dates and Times:

Applications Available: See chart.

Deadline for Transmittal of Applications: See chart.

Applications for grants under this program may be submitted electronically using the Electronic Grant Application System (e-Application) accessible through the Department's e-Grants site, or in paper format by mail or hand delivery. For information (including dates and times) about how to submit your application electronically, or in paper format by mail or hand delivery, please refer to section IV. 7. Other Submission Requirements of this notice.

We do not consider an application that does not comply with the deadline requirements.

Individuals with disabilities who need an accommodation or auxiliary aid in connection with the application process should contact the person listed under For Further Information Contact in section VII of this notice. If the Department provides an accommodation or auxiliary aid to an individual with a disability in connection with the application process, the individual's application remains subject to all other requirements and limitations in this notice.

Deadline for Intergovernmental Review: See chart.

4. Intergovernmental Review: This program is subject to Executive Order 12372 and the regulations in 34 CFR part 79. Information about Intergovernmental Review of Federal Programs under Executive Order 12372 is in the application package for the competitions announced in this notice.

5. Funding Restrictions: We reference regulations outlining funding restrictions in the Applicable Regulations section of this notice.

6. Data Universal Numbering System Number, Taxpayer Identification Number, and Central Contractor Registry: To do business with the Department of Education, (1) you must have a Data Universal Numbering System (DUNS) number and a Taxpayer Identification Number (TIN); (2) you must register both of those numbers with the Central Contractor Registry (CCR), the Government's primary registrant database; and (3) you must provide those same numbers on your application.

You can obtain a DUNS number from Dun and Bradstreet. A DUNS number can be created within one business day.

If you are a corporate entity, agency, institution, or organization, you can obtain a TIN from the Internal Revenue Service. If you are an individual, you can obtain a TIN from the Internal Revenue Service or the Social Security Administration. If you need a new TIN, please allow 2-5 weeks for your TIN to become active.

The CCR registration process may take five or more business days to complete. If you are currently registered with the CCR, you may not need to make any changes. However, please make certain that the TIN associated with your DUNS number is correct. Also note that you will need to update your CCR registration on an annual basis. This may take three or more business days to complete.

7. Other Submission Requirements: Applications for grants under the competitions announced in this notice may be submitted electronically or in paper format by mail or hand delivery.

a. Electronic Submission of Applications.

If you choose to submit your application to us electronically, you must use e-Application, accessible through the Department's e-Grants Web site at: <http://e-grants.ed.gov>.

While completing your electronic application, you will be entering data online that will be saved into a database. You may not e-mail an electronic copy of a grant application to us.

Please note the following:

- Your participation in e-Application is voluntary.
- You must complete the electronic submission of your grant application by 4:30:00 p.m., Washington, DC time, on the application deadline date. E-Application will not accept an application for this program after 4:30:00 p.m., Washington, DC time, on the application deadline date. Therefore, we strongly recommend that you do not wait until the application deadline date to begin the application process.
- The hours of operation of the e-Grants Web site are 6:00 a.m. Monday until 7:00 p.m. Wednesday; and 6:00 a.m. Thursday until 8:00 p.m. Sunday, Washington, DC time. Please note that, because of maintenance, the system is unavailable between 8:00 p.m. on Sundays and 6:00 a.m. on

Mondays, and between 7:00 p.m. on Wednesdays and 6:00 a.m. on Thursdays, Washington, DC time. Any modifications to these hours are posted on the e-Grants Web site.

- You will not receive additional point value because you submit your application in electronic format, nor will we penalize you if you submit your application in paper format.

- You must submit all documents electronically, including all information you typically provide on the following forms: the Application for Federal Assistance (SF 424), the Department of Education Supplemental Information for SF 424, Budget Information--Non-Construction Programs (ED 524), and all necessary assurances and certifications. You must attach any narrative sections of your application as files in a .DOC (document), .RTF (rich text), or .PDF (Portable Document) format. If you upload a file type other than the three file types specified in this paragraph or submit a password protected file, we will not review that material.

- Your electronic application must comply with any page limit requirements described in this notice.

- Prior to submitting your electronic application, you may wish to print a copy of it for your records.

- After you electronically submit your application, you will receive an automatic acknowledgment that will include a PR/Award number (an identifying number unique to your application).

- Within three working days after submitting your electronic application, fax a signed copy of the SF 424 to the Application Control Center after following these steps:

- (1) Print SF 424 from e-Application.

- (2) The applicant's Authorizing Representative must sign this form.

- (3) Place the PR/Award number in the upper right hand corner of the hard-copy signature page of the SF 424.

- (4) Fax the signed SF 424 to the Application Control Center at (202) 245-6272.

- We may request that you provide us original signatures on other forms at a later date.

Application Deadline Date Extension in Case of System Unavailability: If you are prevented from electronically submitting your application on the application deadline date because e-Application is unavailable, we will grant you an extension of one business day to enable you to transmit your application electronically, by mail, or by hand delivery. We will grant this extension if--

(1) You are a registered user of e-Application and you have initiated an electronic application for this competition; and

(2) (a) E-Application is unavailable for 60 minutes or more between the hours of 8:30 a.m. and 3:30 p.m., Washington, DC time, on the application deadline date; or

(b) E-Application is unavailable for any period of time between 3:30 p.m. and 4:30:00 p.m., Washington, DC time, on the application deadline date.

We must acknowledge and confirm these periods of unavailability before granting you an extension. To request this extension or to confirm our acknowledgment of any system unavailability, you may contact either (1) the person listed elsewhere in this notice under For Further Information Contact (see VII. Agency Contact) or (2) the e-Grants help desk at 1-888-336-8930. If e-Application is unavailable due to technical problems with the system and, therefore, the application deadline is extended, an e-mail will be sent to all registered users who have initiated an e-Application.

Extensions referred to in this section apply only to the unavailability of e-Application. If e-Application is available, and, for any reason, you are unable to submit your application electronically or you do not receive an automatic acknowledgment of your submission, you may submit your application in paper format by mail or hand delivery in accordance with the instructions in this notice.

b. Submission of Paper Applications by Mail.

If you submit your application in paper format by mail (through the U.S. Postal Service or a commercial carrier), you must mail the original and two copies of your application, on or before the application deadline date, to the Department at the following address:

U.S. Department of Education
Application Control Center
Attention: (CFDA number 84.325D, 84.325K, or 84.325T)
LBJ Basement Level
400 Maryland Avenue, SW.
Washington, DC 20202-4260

You must show proof of mailing consisting of one of the following:

- (1) A legibly dated U.S. Postal Service postmark.
- (2) A legible mail receipt with the date of mailing stamped by the U.S. Postal Service.
- (3) A dated shipping label, invoice, or receipt from a commercial carrier.
- (4) Any other proof of mailing acceptable to the Secretary of the U.S. Department of Education.

If you mail your application through the U.S. Postal Service, we do not accept either of the following as proof of mailing:

- (1) A private metered postmark.
- (2) A mail receipt that is not dated by the U.S. Postal Service.

If your application is postmarked after the application deadline date, we will not consider your application.

Note: The U.S. Postal Service does not uniformly provide a dated postmark. Before relying on this method, you should check with your local post office.

c. Submission of Paper Applications by Hand Delivery.

If you submit your application in paper format by hand delivery, you (or a courier service) must deliver the original and two copies of your application by hand, on or before the application deadline date, to the Department at the following address:

U.S. Department of Education
Application Control Center
Attention: (CFDA number 84.325D, 84.325K, or 84.325T)
550 12th Street, SW.
Room 7041, Potomac Center Plaza
Washington, DC 20202-4260

The Application Control Center accepts hand deliveries daily between 8:00 a.m. and 4:30:00 p.m., Washington, DC time, except Saturdays, Sundays, and Federal holidays.

Note for Mail or Hand Delivery of Paper Applications: If you mail or hand deliver your application to the Department--

(1) You must indicate on the envelope and--if not provided by the Department--in Item 11 of the SF 424 the CFDA number, including suffix letter, if any, of the competition under which you are submitting your application; and

(2) The Application Control Center will mail to you a notification of receipt of your grant application. If you do not receive this grant notification within 15 business days from the application deadline date, you should call the U.S. Department of Education Application Control Center at (202) 245-6288.

V. Application Review Information

1. Selection Criteria: The selection criteria for this program are from 34 CFR 75.210 and are listed in the application package.

2. Review and Selection Process: In the past, the Department has had difficulty finding peer reviewers for certain competitions, because so many individuals who are eligible to serve as peer reviewers have conflicts of interest. The Standing Panel requirements under IDEA also have placed additional constraints on the availability of reviewers. Therefore, the Department has determined that, for some discretionary grant competitions, applications may be separated into two or more groups and ranked and selected for funding within specific groups. This procedure will make it easier for the Department to find peer reviewers, by ensuring that greater numbers of individuals who are eligible to serve as reviewers for any particular group of applicants will not have conflicts of interest. It also will increase the quality, independence, and fairness of the review process, while permitting panel members to review applications under discretionary grant competitions for which they also have submitted applications. However, if the Department decides to select an equal number of applications in each group for funding, this may result in different cut-off points for fundable applications in each group.

VI. Award Administration Information

1. Award Notices: If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN). We may notify you informally, also.

If your application is not evaluated or not selected for funding, we notify you.

2. Administrative and National Policy Requirements: We identify administrative and national policy requirements in the application package and reference these and other requirements in the Applicable Regulations section of this notice.

We reference the regulations outlining the terms and conditions of an award in the Applicable Regulations section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. Reporting: At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial

expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

4. Performance Measures: Under the Government Performance and Results Act of 1993 (GPRA), the Department has established a set of performance measures, including long-term measures, that are designed to yield information on various aspects of the effectiveness and quality of the Personnel Development to Improve Services and Results for Children with Disabilities program. These measures include: (1) the percentage of projects that incorporate scientifically based practices into the curriculum; (2) the percentage of scholars who exit training programs prior to completion due to poor academic performance; (3) the percentage of degree or certification recipients who are working in the area(s) for which they were trained upon program completion; (4) the percentage of degree or certification recipients who are working in the area(s) for which they were trained upon program completion and are fully qualified under IDEA; (5) the percentage of scholars completing the IDEA-funded training programs who are knowledgeable and skilled in scientifically based practices for children, including infants and toddlers, with disabilities; (6) the percentage of low-incidence positions that are filled by personnel who are fully qualified under IDEA; and (7) the percentage of program graduates who maintain employment for three or more years in the area(s) for which they were trained.

Grantees may be asked to participate in assessing and providing information on these aspects of program quality.

VII. Agency Contact

See chart in the Award Information section in this notice for the name, room number and telephone number of the contact person for each competition. You can write to the contact person at the following address: U.S. Department of Education, 400 Maryland Avenue, SW., Potomac Center Plaza (PCP), Washington, DC 20202-2600.

If you use a TDD, call the Federal Relay Service (FRS), toll free, at 1-800-877-8339.

VIII. Other Information

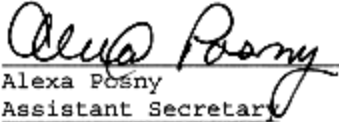

Accessible Format: Individuals with disabilities can obtain this document and a copy of the application package in an accessible format (e.g., braille, large print, audiotape, or computer diskette) by contacting

the Grants and Contracts Services Team, U.S. Department of Education, 400 Maryland Avenue, SW., room 5075, PCP, Washington, DC 20202-2550. Telephone: (202) 245-7363. If you use a TDD, call the FRS, toll free, at 1-800-877-8339.

Electronic Access to This Document: You can view this document, as well as all other documents of this Department published in the Federal Register, in text or Adobe Portable Document Format (PDF) on the Internet at the following site: www.ed.gov/news/fedregister. To use PDF you must have Adobe Acrobat Reader, which is available free at this site.

Note: The official version of this document is the document published in the Federal Register. Free Internet access to the official edition of the Federal Register and the Code of Federal Regulations is available on GPO Access at: www.gpoaccess.gov/nara/index.html.

for Special Education and
Rehabilitative Services.

SUBMISSION PROCEDURES AND TIPS FOR APPLICANTS

IMPORTANT—PLEASE READ FIRST

To facilitate your use of e-Application, this document includes important application preparation and submission procedures you need to be aware of to ensure your application is received in a timely manner and accepted by the Department of Education. Please read and follow these step-by-step directions to create and submit your application.

ATTENTION

Applicants using the Department of Education's e-Application system will need to register first to access an application package. Forms in an application package are completed on line and narratives are uploaded while logged into the system. Therefore, allow sufficient time to complete your application before the closing date. If you have not used e-Application in the past, you may want to walk through the Demo available on the e-Application homepage. If you encounter difficulties, you may also contact the e-Grants helpdesk on 1-888-336-8930. The following are steps you should follow to successfully complete an application with e-Application.

Step 1 – Determine if your program is accepting electronic applications. The Federal Register Notice of each program will indicate whether the program is accepting e-Applications as part of the Department's e-Application program. Here is a link to the Department's Federal Register notices: <http://www.ed.gov/news/fedregister/announce/index.html>. Additional information on the Department's of Education's grant programs can be found at <http://www.ed.gov/about/offices/list/ocfo/grants/grants.html>.

Step 2 – Register in e-Application to access the application package. If you are a new user, you will need to register to use e-Application. From the e-Grants Portal Page <http://e-grants.ed.gov/>, click on the continue button and click the register button on the right side of the next page. Select the e-Application module and click the next button. Please provide the requested information. Your e-Grants password will be sent to the e-mail address you provide. Once you receive the e-mail, enter your username and password and click the login button.

If you already have a username and password for e-Grants, use them to login. If you have access to more than one e-Grants module, you will be directed to select which module you wish to enter. Keep in mind that this username and password will be used for all e-Grants modules. In order to update your registration for additional e-Grants modules, click the appropriate tab on the top of the screen and provide the requested information.

Note the following browser compatibility problems. The site is viewed best in Internet Explorer 5. We currently support IE 5, Netscape 6.2, Firefox 2.2 (along with later versions of IE, Netscape and Firefox). Please make sure that you have **Cookies** and **JavaScript** enabled in your browser.

Step 3 - Add Application Package to your Start Page. From your Start Page, click on the "Add" button to see the list of application packages. Click on a specific package link on the List of Application Packages to apply. The package will now appear on your Start Page. From this point forward, you will access your unique application from your Start Page (not the Packages Page).

Step 4 - Begin the Application. Click on the underlined Application Package Title on your Start Page. This brings you to a page where you will see all of the application's forms and narratives listed as underlined links.

Step 5 - Fill out Forms. Enter a form by clicking on the underlined form title in order to enter data. Remember to click the "Save" button at the bottom of the form and check the "Form Completed" box for each form as you complete it.

Step 6 - Upload File(s) for Narrative Responses. Click on an underlined narrative form title for the e-Application. Enter the title of the document, and click on the "Browse" button to locate your file. Remember to click the "Save" button after you upload the document and check the "Form Completed" box when you finish uploading your file(s). Please note for file uploads, we accept .doc, .rtf, and .pdf files only. If you are using Word 2007, please save your document in a lower version of Word before uploading into e-Application.

Step 7 - Verify Information/Print Application. Verify your information is complete and correct on all required forms and narratives. You have the option to print each form at any time by clicking on the print/view icon  next to the appropriate form. After submission of the forms and narratives, you have the option to print a complete e-Application package in PDF by clicking on the "Request Complete Package in PDF" on the e-Application PR/Award page. A second window will open informing you that your request has been received and that you will be notified via email once it is available. This process can take anywhere from a few minutes to a few hours. Once you receive the email, click on the link in the text of the message and enter your username and password in the new window. This will open the PDF file from which you can view/print the entire package. In addition, a blank complete package in PDF will be accessible from the package page in e-Application.

Step 8 - Submit your Application. Only authorized individuals for your organization can submit an application. Please check with your certifying official or sponsored research office before submission. Click on the "Ready to submit" button at the bottom of your application. Enter and verify the Authorizing Representative information. Click the "Submit" button. You will receive an e-mail to confirm that your application was received, and it will include a unique application number. Please print and keep this e-mail for your records. [Reminder: applications must be submitted before 4:30:00 pm, Washington, D.C. time, on the deadline date for applications. e-Application will not accept your application if you try to submit it after 4:30:00 on the deadline date.]

Step 9 - Fax the signed SF 424 Cover Page (or Program Specific Cover Page). Write your unique application number (received in step 8) on the upper right corner of your printed SF 424 Cover Page (or Program Specific Cover Page), and fax it to the Application Control Center (202) 245-6272 within 3 business days of submitting your e-Application.

NOTE: For more detailed information on submitting an e-Application, please see the **User Guide**. In addition, please try practicing with our e-Application Demo site by clicking on the Demo button found on the upper left corner of the e-Application Home Page. Both the User Guide and Demo can be found at <http://e-grants.ed.gov>.

OTHER SUBMISSION TIPS

- 1) **Register Early.— We strongly recommend that you do not wait until the last day to submit your application.** The time it takes to upload the narratives for your application will vary depending on a number of factors including the size of the files and the speed of your Internet connection. If you try to submit your application after 4:30:00 on the deadline date, the e-Application system will not accept it.
- 2) **If electronic submission is optional** and you have problems that you are unable to resolve before the deadline date and time for electronic applications, please follow the transmittal instructions for hard copy applications in the Federal Register notice and get a hard copy application postmarked by midnight on the deadline date.

If electronic submission is required, you must submit an electronic application before 4:30:00 p.m., unless you follow the procedures in the Federal Register notice and qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. (See the Federal Register notice for detailed instructions.)

- 3) Dial-Up Internet Connections** - When using a dial up connection to upload and submit your application, it can take significantly longer than when you are connected to the Internet with a high-speed connection, e.g. cable modem/DSL/T1. While times will vary depending upon the size of your application, it can take a few minutes to a few hours to complete your grant submission using a dial up connection. If you do not have access to a high-speed connection and electronic submission is required, you may want to consider following the instructions in the Federal Register notice to obtain an exception to the electronic submission requirement no later than two weeks before the application deadline date. (See the Federal Register notice for detailed instructions.)

Attaching Files – Additional Tips

Please note the following tips related to attaching files to your application:

1. Ensure that you only attach the Education approved file types detailed in the Federal Register application notice (.doc, .pdf or .rtf). If using Word 2007, save your file to a lower version of Word before uploading. Also, do not upload any password protected files to your application.
2. When attaching files, applicants should limit the size of their file names. Lengthy file names could result in difficulties with opening and processing your application. We recommend you keep your file names to less than 50 characters. In addition, applicants should avoid including special characters in their file names (for example, %, *, /, etc.) Both of these conditions (lengthy file names and/or special characters including in the file names) could result in difficulties opening and processing a submitted application.

Applicants should limit the size of their file attachments. Documents submitted that contain graphics and/or scanned material often greatly increase the size of the file attachments and can result in difficulties opening the files. Please note that each file attachment in e-Application has a file size limitation which is anywhere from 2 to 8 MB and the limitation will be indicated on the individual screen when you upload a file. For reference, however, the average discretionary grant application package totals 1 to 2 MB. Therefore, you may want to check the size of your attachments before uploading them into e-Application.

PRIORITY DESCRIPTION AND SELECTION CRITERIA

PREPARATION OF LEADERSHIP PERSONNEL (CFDA 84.325D)

DEADLINE: 07/14/2010

ABSOLUTE PRIORITY:

Background

There is a persistent need for special education, early intervention, and related services personnel who have been trained at the doctoral and postdoctoral levels to fill faculty, research, and direct service positions (Smith, Pion, & Tyler, 2004; Wasburn-Moses & Therrien, 2008; Woods & Snyder, 2009). Further, according to Lashley & Boscardin (2003), there is a need for personnel who have been trained at the graduate level (i.e., masters, education specialist, and doctoral degrees, depending on State certification requirements) to fill special education and early intervention administrator positions.

Federal support is needed to increase the supply of these personnel and ensure that they have the necessary knowledge and skills to assume special education, early intervention, and related services leadership positions in universities, State educational agencies (SEAs), State lead agencies (State LAs), local educational agencies (LEAs), local lead agencies (local LAs), schools, or programs. Critical competencies for special education, early intervention, and related services leadership personnel are varied, depending on the type of training program; however, these competencies often include teaching skills, administrative skills,²³ and research skills as well as current knowledge of effective interventions that improve academic and functional outcomes for children with disabilities, including high-need children with disabilities. For the purpose of this priority, “high-need children with disabilities” refers to children (ages birth through twenty-one, depending on the State) who are eligible for services under IDEA, and who may be further disadvantaged and at risk of educational failure because they: (1) are living in poverty, (2) are far below grade level, (3) are at risk of not graduating with a regular high school diploma on time, (4) are homeless, (5) are in foster care, (6) have been incarcerated, or (7) are English language learners.

Priority:

The purpose of the Preparation of Leadership Personnel priority is to increase the quantity of special education, early intervention, and related services personnel who have been trained at the graduate and advanced graduate levels, and who are well-qualified for, and can effectively carry out leadership positions in universities, SEAs, State LAs, LEAs, local LAs, schools, or programs. This priority supports two types of programs that train leadership personnel:

Type A programs are designed to train, at the advanced graduate level, higher education faculty, researchers, or direct service providers in early intervention, special education, or related services. Type A programs culminate in a doctoral degree or provide postdoctoral learning opportunities.

²³For an example of standards for administrative skills, see the performance-based standards for a special education administrator developed by the Council for Exceptional Children (CEC) at: www2.astate.edu/dotAsset/118756.pdf.

Note: Training that leads to a Doctor of Audiology (AUD) degree is not included as part of this priority. Training programs that lead to an AUD degree are eligible to apply for funding under the Combined Personnel Preparation priority (CFDA 84.325K) announced elsewhere in this notice.

Type B programs are designed to train, at the graduate or advanced graduate levels, special education or early intervention administrators to work in SEAs, State LAs, LEAs, local LAs, schools, or programs. The applicant, based on State certification requirements for some positions, can determine whether the proposed Type B program prepares personnel for one or more administrative positions. Type B programs prepare personnel for positions such as SEA special education administrators, LEA special education directors or regional directors, school-based special education directors, preschool coordinators, and early intervention coordinators. Type B programs culminate in a master's, education specialist, or doctoral degree. The Office of Special Education Programs (OSEP) intends to fund in FY 2010 at least three approved applications proposing Type B programs.

Note: The training of school principals is not included as part of this priority.

Note: Applicants must identify the specific program type, A or B, for which they are applying for funding as part of the competition title on the application cover sheet (SF form 424, line 4). Applicants may not submit the same proposal for more than one program type.

Note: This priority does not authorize the selection of trainees on the basis of race, ethnicity, gender, or disability status.

To be considered for funding under the Preparation of Leadership Personnel absolute priority, both Type A and Type B program applicants must meet the application requirements contained in the priority. All projects funded under the absolute priority also must meet the programmatic and administrative requirements specified in the priority.

The requirements of this priority are as follows:

(a) Demonstrate, in the narrative section of the application, under "Quality of Project Services," how--

(1) The program prepares leadership personnel to address the specialized needs of high-need children with disabilities (as defined in the background statement for this absolute priority). To address the needs of this population, the proposed program must--

(i) Identify the competencies needed by leadership personnel to either effectively teach others to implement, or to directly administer or conduct further research on, programs or interventions that improve the academic or functional outcomes of high-need children with disabilities; and

(ii) Prepare leadership personnel to apply these competencies in a variety of settings, including in high-need LEAs,²⁴ high-poverty schools,²⁵ and low-performing schools, including the persistently lowest-achieving schools.²⁶

²⁴For purposes of this priority, the term high-need LEA means an LEA (a) that serves not fewer than 10,000 children from families with incomes below the poverty line; or (b) for which not less than 20 percent of the children served by the LEA are from families with incomes below the poverty line.

²⁵For the purposes of this priority, the term high-poverty school means, consistent with section 1111(h)(1)(C)(viii) of the ESEA, a school in the highest quartile of schools in the State with respect to poverty level, using a measure of poverty determined by the State.

(2) All relevant coursework for the proposed program reflects current research and pedagogy on-

(i) Participation and achievement in the general education curriculum and improved outcomes for all children with disabilities, including high-need children with disabilities;

(ii) The provision of early intervention services in natural environments to improve outcomes for infants and toddlers with disabilities, including high-need children with disabilities and their families.

(iii) The competencies needed to work in high-need LEAs (as defined in this absolute priority), high-poverty schools (as defined in this absolute priority), and low-performing schools, including the persistently lowest-achieving schools (as defined in this absolute priority).

(3) The program is designed to integrate coursework with practicum opportunities (e.g., interning in a program or school serving high-need children with disabilities) that will enhance the competencies of leadership personnel to effectively--

(i) Serve in a variety of leadership positions, including positions that involve direct service, research, teacher training, or leadership at the university, SEA, State LA, LEA, local LA, school, or program level;

(ii) Work in a variety of leadership settings, particularly those in high-need LEAs with programs and schools serving high-need children with disabilities;

(iii) Collaborate and work with regular education personnel;

(iv) Incorporate universal design for learning principles²⁷ into curricula and instructional practice; and

(v) Integrate instructional and assistive technologies into the delivery of services.

(4) The proposed leadership program ensures that scholars²⁸ are knowledgeable about--

²⁶For purposes of this priority, the term persistently lowest-achieving school means, consistent with section 1003(g) of the ESEA, School Improvement Grants (74 FR 65618), as determined by the State: (i) Any Title I school in improvement, corrective action, or restructuring that (a) is among the lowest-achieving five percent of Title I schools in improvement, corrective action, or restructuring or the lowest-achieving five Title I schools in improvement, corrective action, or restructuring in the State, whichever number of schools is greater; or (b) is a high school that has had a graduation rate as defined in 34 CFR 200.19(b) that is less than 60 percent over a number of years; and (ii) Any secondary school that is eligible for, but does not receive, Title I funds that (a) is among the lowest-achieving five percent of secondary schools or the lowest-achieving five secondary schools in the State that are eligible for, but do not receive, Title I funds, whichever number of schools is greater; or (b) is a high school that has had a graduation rate as defined in 34 CFR 200.19(b) that is less than 60 percent over a number of years. To determine whether a school is a lowest-achieving school for purposes of this definition, a State must take into account both (i) The academic achievement of the "all students" group in a school in terms of proficiency on the State's assessments under section 1111(b)(3) of the ESEA in reading/language arts and mathematics combined; and (ii) The school's lack of progress on those assessments over a number of years in the "all students" group.

²⁷For purposes of this priority, the term universal design for learning has the meaning provided for the term under the Higher Education Act of 1965, as amended: "a scientifically valid framework for guiding educational practice that--(A) provides flexibility in the ways information is presented, in the ways students respond or demonstrate knowledge and skills, and in the ways students are engaged; and (B) reduces barriers in instruction, provides appropriate accommodations, supports, and challenges, and maintains high achievement expectations for all students, including students with disabilities and students who are limited English proficient" (20 U.S.C. 1003(24)). For consistency across U.S. Department of Education programs, we use this definition for priorities that intend to prepare personnel to teach and work in schools and other settings.

- (i) Applicable laws that affect children with disabilities, including IDEA and the ESEA;
 - (ii) The requirements for highly qualified teachers under IDEA and the ESEA;
 - (iii) The strategies that foster collaboration between personnel serving children with disabilities; and
 - (iv) The collection, management, and use of data to improve teaching and learning for the purpose of increasing children's academic and functional outcomes.
- (b) Include, in the narrative section of the application under "Quality of Project Evaluation," a clear, effective plan for evaluating the extent to which program graduates have acquired the competencies set forth in the application as part of the proposed program. Applicants also must clearly describe, under "Quality of Project Evaluation," how the project will report these evaluation results to OSEP in the grantee's annual performance reports, the Scholar Data Report, and the project final performance report.
- (c) Include, in the application appendix, all course syllabi for the proposed training program. Course syllabi must clearly incorporate research-based curriculum and pedagogy as required under paragraph (a) of this priority.
- (d) Provide, in the application narrative, a detailed description of the program that includes the sequence of courses offered in the program and a comprehensive curriculum designed to meet program goals and obtain mastery in the following professional domains, as appropriate--
- (1) Research methodology;
 - (2) Personnel preparation;
 - (3) Policy or professional practice; or
 - (4) Administration practices or techniques.
- (e) Demonstrate in the application narrative the existence of national, State, or regional needs through appropriate research data. The applicant must provide evidence of the need for the leadership personnel they are proposing to train.
- (f) Certify in the application that the applicant intends that all scholars recruited into the program will graduate from the program by the end of the grant's project period.
- (g) Meet the statutory requirements in section 662(e) through 662(h) of IDEA,
- (h) Ensure that at least 65 percent of the total requested budget per year will be used for scholar support or provide justification in the application narrative for any designation less than 65 percent. Examples of sufficient justification for proposing less than 65 percent of the budget for scholar support include:

²⁸For the purposes of this priority, the term scholar means an individual who is pursuing a degree, license, endorsement, or certification related to special education, related services, or early intervention services and who receives scholarship assistance under section 662 of IDEA (see 34 CFR 304.3(g)).

(1) A project servicing rural areas that provides long-distance training, and requires Web Masters, adjunct professors, or mentors to operate effectively.

(2) A project that is expanding or adding a new area of emphasis to the program and, as a result of this expansion, needs additional faculty or other resources, such as expert consultants, additional training supplies, or equipment that would enhance the program.

Note: Applicants proposing projects to develop, expand, or add a new area of emphasis to special education, early intervention, or related services programs must provide, in their applications, information on how these new areas will be sustained once Federal funding ends.

(i) Certify in the application that the institution will not require scholars recruited into the program to work as a condition of receiving a scholarship (e.g., as graduate assistants, unless the work is required to complete their training program). Please note that this prohibition on work as a condition of receiving a scholarship does not apply to the service obligation requirements in section 662(h) of IDEA.

(j) Budget for attendance at a three-day Project Directors' meeting in Washington, DC, during each year of the project.

(k) If the project maintains a Web site, include relevant information and documents in a format that meets government or industry-recognized standards for accessibility.

(l) Submit annual data on each scholar who receives grant support. Applicants are encouraged to visit the Personnel Development Scholar Data Report Web site for further information about this data collection requirement. Typically, data collection begins on or around November 1st of each year, and grantees are notified by e-mail about the data collection period for their grant. This data collection must be submitted electronically by the grantee and does not supplant the annual grant performance report required of each grantee for continuation funding (see 34 CFR 75.590).

Competitive Preference Priorities: Within this absolute priority, we give competitive preference to applications that meet one or more of the following priorities. For FY 2010 and any subsequent year in which we make awards from the list of unfunded applicants from this competition, these priorities are competitive preference priorities.

Competitive Preference Priority 1: Under 34 CFR 75.105(c)(2)(i) we award an additional 5 points to an application that meets this priority.

This priority is:

Applicants that demonstrate an established relationship with a high-need LEA that will provide scholars with a high-quality practicum experience in a high-poverty school, which may include a professional development school.²⁹

Competitive Preference Priority 2: Under 34 CFR 75.105(c)(2)(i) we award an additional 5 points to an application that meets this priority.

This priority is:

²⁹Professional development schools are innovative partnerships between school districts and institutions of higher education that focus on four primary goals: (a) the preparation of new teachers; (b) faculty development; (c) inquiry directed at the improvement of practice; and (d) enhanced student achievement (National Council for Accreditation of Teacher Education, 2009).

Applicants that prepare leadership personnel who will either provide direct services to, or train others who will work with, children, including infants and toddlers, who are deaf or hard of hearing to teach them listening and spoken language skills.

Note: Five is the maximum amount of points an applicant can receive for meeting one or both of the competitive preference priorities. The Department will fund a maximum of three applications in each of competitive preference priorities one and two with peer review scores that would not have otherwise qualified for funding without the competitive preference points.

PERFORMANCE MEASURES: Under the Government Performance and Results Act of 1993 (GPRA), the Department has established a set of performance measures, including long-term measures, that are designed to yield information on various aspects of the effectiveness and quality of the Personnel Development to Improve Services and Results for Children with Disabilities program. These measures include: (1) the percentage of projects that incorporate scientifically based practices into the curriculum; (2) the percentage of scholars who exit training programs prior to completion due to poor academic performance; (3) the percentage of degree or certification recipients who are working in the area(s) for which they were trained upon program completion; (4) the percentage of degree or certification recipients who are working in the area(s) for which they were trained upon program completion and are fully qualified under IDEA; (5) the percentage of scholars completing the IDEA-funded training programs who are knowledgeable and skilled in scientifically based practices for children, including infants and toddlers, with disabilities; (6) the Federal cost per degree or certification program recipient working in the area(s) in which they were trained upon program completion; and (7) the percentage of program graduates who maintain employment for three or more years in the area(s) for which they were trained.

Grantees may be asked to participate in assessing and providing information on these aspects of program quality.

ESTIMATED AVAILABLE FUNDS: We intend to use an estimated \$22,900,000 for the competitions announced in this notice. Please refer to the “Estimated Range of Awards” and “Maximum Award” columns of the chart on page A-33 for the estimated dollar amounts for individual competitions.

PROJECT PERIOD: Up to 48 months.

PAGE LIMITS: The application narrative (Part III of the application) is where you, the applicant, address the selection criteria that reviewers use to evaluate your application. You must limit Part III to the equivalent of no more than 50 pages for each absolute priority, using the following standards:

- A "page" is 8.5" x 11", on one side only, with 1" margins at the top, bottom, and both sides.
- Double space (no more than three lines per vertical inch) all text in the application narrative, including titles, headings, footnotes, quotations, references, and captions, as well as all text in charts, tables, figures, and graphs.
- Use a font that is either 12 point or larger or no smaller than 10 pitch (characters per inch).

The page limit does not apply to Part I, the cover sheet; Part II, the budget section, including the narrative budget justification; Part IV, the assurances and certifications; or the one-page abstract, the resumes, the bibliography, the references, or the letters of support. However, you must include all of the application narrative in Part III.

We will reject your application if--

- You apply these standards and exceed the page limit; or
- You apply other standards and exceed the equivalent of the page limit.

GENERAL REQUIREMENTS: (a) Projects funded under this notice must make positive efforts to employ and advance in employment qualified individuals with disabilities in project activities (see section 606 of IDEA); and

(b) Applicants and grant recipients funded under this notice must involve individuals with disabilities or parents of individuals with disabilities ages birth through 26 in planning, implementing, and evaluating the projects (see section 682(a)(1)(A) of IDEA);

APPLICABLE REGULATIONS: (a) The Education Department General Administrative Regulations (EDGAR) in 34 CFR parts 74, 75, 77, 79, 80, 81, 82, 84, 85, 86, 97, 98, and 99; and (b) The selection criteria for this program are from 34 CFR 75.210.

ELIGIBLE APPLICANTS: Institutions of higher education.

SELECTION CRITERIA AND FORMAT FOR THE PREPARATION OF LEADERSHIP PERSONNEL (CFDA 84.325D) COMPETITION

Part III of the application form requires a narrative that addresses the selection criteria that will be used by reviewers in evaluating individual proposals. Applications are more likely to receive favorable reviews by panels when they are organized according to the format suggested below. This format was published in the FEDERAL REGISTER as an appendix to the program regulations, and it addresses all the selection criteria used to evaluate applications required by regulations. If you prefer to use a different format, you may wish to cross-reference the sections of your application to the selection criteria to be sure that reviewers are able to find all relevant information.

The selection criteria that will be used to evaluate applications submitted to the **Preparation of Leadership Personnel (CFDA 84.325D)** competition are the selection criteria for new grants required by the EDGAR general selection criteria menu. The maximum score for all of the criteria is 100 points (not including points for competitive preference).

An **abstract**, not to exceed one page, should precede the application narrative of all applications and it would be helpful if it included the following information: Purpose of the project; disability addressed by the project; age group (e.g., 0-3, preschool, elementary school, middle school, high school, secondary transition, and postsecondary); geography (e.g., rural, suburban, urban); severity (e.g., mild, moderate, and severe); proposed products; proposed outcomes; names/affiliations of key collaborators. It would be helpful if the abstract includes: (a) the title of the program, (b) the name of the Absolute Priority, and (c) the CFDA Number (e.g., 84.325D).

For Personnel Preparation applications, the abstract should also include, as appropriate, (a) the degree individuals receive upon completion of the program, (b) type of program offered, (c) number of students who receive support, and (d) percent of total annual funding designated for student support.

(a) Need for project. (10 points)

(1) The Secretary considers the need for the proposed project.

(2) In determining the need for the proposed project, the Secretary considers the following factors:

(i) The extent to which specific gaps or weaknesses in services, infrastructure, or opportunities have been identified and will be addressed by the proposed project, including the nature and magnitude of those gaps or weaknesses; or

(ii) The extent to which the proposed project will prepare personnel for fields in which shortages have been demonstrated.

(b) Quality of project services. (35 points)

(1) The Secretary considers the quality of the services to be provided by the proposed project.

(2) In determining the quality of the services to be provided by the proposed project, the Secretary considers the quality and sufficiency of strategies for ensuring equal access and treatment for eligible project participants who are members of groups that have traditionally been underrepresented based on race, color, national origin, gender, age, or disability.

(3) In addition, the Secretary considers the following factors:

(i) The extent to which the professional development to be provided by the proposed project reflect up-to-date knowledge from research and effective practice;

(ii) The extent to which the training or professional development services to be provided by the proposed project are of sufficient quality, intensity, and duration to lead to improvements in practice among the recipients of those services;

(iii) The extent to which the training or professional development services to be provided by the proposed project are likely to alleviate the personnel shortages that have been identified or are the focus of the proposed project; and

(iv) The extent to which the professional development to be provided by the proposed project involve the collaboration of appropriate partners for maximizing the effectiveness of project services.

(c) Quality of project personnel. (15 points)

(1) The Secretary considers the quality of the personnel who will carry out the proposed project.

(2) In determining the quality of project personnel, the Secretary considers the extent to which the applicant encourages applications for employment from persons who are members of groups that have traditionally been underrepresented based on race, color, national origin, gender, age, or disability.

(3) In addition, the Secretary considers the following factor:

(i) The qualifications, including relevant training and experience, of key project personnel.

(d) Quality of the management plan. (10 points)

(1) The Secretary considers the quality of the management plan for the proposed project.

(2) In determining the quality of the management plan for the proposed project, the Secretary considers the following factors:

(i) The adequacy of the management plan to achieve the objectives of the proposed project on time and within budget, including clearly defined responsibilities, timelines, and milestones for accomplishing project tasks;

(ii) The adequacy of procedures for ensuring feedback and continuous improvement in the operation of the proposed project; and

(iii) The extent to which the time commitments of the project director and principal investigator and other key project personnel are appropriate and adequate to meet the objectives of the proposed project.

(e) Adequacy of resources. (15 points)

(1) The Secretary considers the adequacy of resources for the proposed project.

(2) In determining the adequacy of resources for the proposed project, the Secretary considers the following factors:

(i) The adequacy of support, including facilities, equipment, supplies, and other resources, from the applicant organization or the lead applicant organization;

(ii) The extent to which the budget is adequate to support the proposed project;

(iii) The extent to which the costs are reasonable in relation to the objectives, design, and potential significance of the proposed project;

(iv) The extent to which the costs are reasonable in relation to the number of persons to be served and to the anticipated results and benefits; and

(v) The potential for continued support of the project after Federal funding ends, including, as appropriate, the demonstrated commitment of appropriate entities to such support.

(f) Quality of project evaluation. (15 points)

(1) The Secretary considers the quality of the evaluation to be conducted of the proposed project.

(2) In determining the quality of the evaluation, the Secretary considers the following factors:

(i) The extent to which the methods of evaluation are thorough, feasible, and appropriate to the goals, objectives, and outcomes of the proposed project; and

(ii) The extent to which the methods of evaluation include the use of objective performance measures that are clearly related to the intended outcomes of the project and will produce quantitative and qualitative data to the extent possible.

COMBINED PRIORITY FOR PERSONNEL PREPARATION (CFDA 84.325K)

DEADLINE: 07/14/10

ABSOLUTE PRIORITY:

Background:

State agencies, university training programs, local schools, early intervention programs, and community-based entities have emphasized the importance and difficulty of improving training programs for personnel to serve children, including infants and toddlers, with disabilities (Anderson & Hendrickson, 2007; Chang, Early, & Winton, 2005; Dymond, Gilson, & Myran, 2007). In addition, the national demand for fully credentialed early intervention, special education, and related services personnel to serve children, including infants and toddlers, with disabilities exceeds the available supply (McLeskey & Billingsley, 2008). Federal support is needed to increase the supply of these personnel and ensure that they have the necessary skills and knowledge to be successful in serving these children.

Priority:

The purpose of the Combined Personnel Preparation priority is to improve the quality and increase the number of personnel who are fully credentialed to serve children, including infants and toddlers, with disabilities--especially in areas of chronic personnel shortage--by supporting projects that prepare early intervention, special education, and related services personnel at the associate, baccalaureate, master's, and specialist levels. In order to be eligible under this priority, programs must provide training and support for scholars³⁰ to complete, within the project period of the grant, a degree, State certification, professional license, or State endorsement in early intervention, special education, or a related services field. Programs preparing scholars to be special education paraprofessionals, assistants in related services professions (e.g., physical therapist assistants, occupational therapist assistants), or educational interpreters are also eligible under this priority.

Programs that provide an alternate route to certification or that support dual certification (special education and general education) for teachers are eligible as well.

Note: This priority does not authorize the selection of trainees on the basis of race, ethnicity, gender, or disability status.

To be considered for funding under the Combined Personnel Preparation absolute priority, applicants must meet the application requirements contained in the priority. All projects funded under this absolute priority also must meet the programmatic and administrative requirements specified in the priority. These requirements are as follows:

(a) Demonstrate, in the narrative section of the application under "Quality of Project Services," how--

³⁰For the purposes of this priority the term scholar means an individual who is pursuing a degree, license, endorsement, or certification related to special education, related services, or early intervention services and who receives scholarship assistance under section 662 of IDEA (see 34 CFR 304.3(g)).

(1) Training requirements and required coursework for the proposed training program incorporate research-based practices that improve outcomes for children with disabilities (including relevant research citations);

(2) The program is designed to integrate coursework with practicum opportunities that will enhance the competencies of special education personnel to effectively--

(i) Serve and instruct children with disabilities;

(ii) Collaborate and work with regular education personnel;

(iii) Incorporate universal design for learning principles³¹ into curricula and instructional practice;

(iv) Integrate instructional and assistive technologies into the delivery of services;

(v) Collect, manage, and analyze data to improve teaching and learning for the purpose of increasing student academic achievement; and

(vi) Support and work with parents and families of children with disabilities;

(3) The program prepares personnel to address the specialized needs of high-need children with disabilities.

Note: For the purpose of this priority, “high-need children with disabilities” refers to children (ages birth through twenty-one, depending on the State) who are eligible for services under IDEA, and who may be further disadvantaged and at risk of educational failure because they: (1) are living in poverty, (2) are far below grade level, (3) are at risk of not graduating with a regular high school diploma on time, (4) are homeless, (5) are in foster care, (6) have been incarcerated, or (7) are English language learners.

The program prepares personnel to work with this particular population by—

(i) Identifying the competencies needed by personnel to work with high-need children with disabilities;

(ii) Preparing personnel to apply these competencies in a variety of settings, including in high-need LEAs,³² high-poverty schools,³³ and low-performing schools, including the persistently lowest achieving schools.³⁴

³¹For purposes of this priority, the term universal design for learning has the meaning provided for the term under the Higher Education Act of 1965, as amended: “a scientifically valid framework for guiding educational practice that--“(A) provides flexibility in the ways information is presented, in the ways students respond or demonstrate knowledge and skills, and in the ways students are engaged; and (B) reduces barriers in instruction, provides appropriate accommodations, supports, and challenges, and maintains high achievement expectations for all students, including students with disabilities and students who are limited English proficient.” (20 U.S.C. 1003(24)) For consistency across U.S. Department of Education programs, we use this definition for priorities that intend to prepare personnel to teach and work in schools and other settings.

³²For purposes of this priority, the term high-need LEA means a local educational agency (LEA) (a) that serves not fewer than 10,000 children from families with incomes below the poverty line; or (b) for which not less than 20 percent of the children served by the LEA are from families with incomes below the poverty line.

³³For purposes of this priority, the term high-poverty school means, consistent with section 1111(h)(1)(C)(viii) of the ESEA, a school in the highest quartile of schools in the State with respect to poverty level, using a measure of poverty determined by the State.

³⁴For purposes of this priority, the term persistently lowest-achieving school means, consistent with section 1003(g) of the ESEA, School Improvement Grants (74 FR 65618), as determined by the State: (i) Any Title I school in improvement, corrective action,

(iii) Preparing personnel to use those competencies through early intervention, special education, and related services training programs.

(4) If preparing beginning special educators, the program is designed to provide extended clinical learning opportunities,³⁵ field experiences, or supervised practica (such as an additional year), and ongoing high-quality mentoring and induction opportunities;

(5) The program includes field-based training opportunities for scholars (as defined in 34 CFR 304.3(g));

(6) The proposed training program will--

(i) Enable scholars to be highly qualified, in accordance with section 602(10) of the Individuals with Disabilities Education Act (IDEA) and 34 CFR 300.18, in the State(s) to be served by the applicant; and

(ii) Ensure that scholars are equipped with the knowledge and skills necessary to assist children in meeting State academic achievement standards; and

(7) The training program provides support to scholars through innovative strategies that are designed to enhance scholar retention and success in the program, such as using tutors or mentors or providing extended clinical learning opportunities or other field experiences).

(b) Include, in the narrative section of the application under "Quality of Project Evaluation," a clear, effective plan for evaluating the extent to which graduates of the training program have the knowledge and skills necessary to provide scientifically based or evidence-based instruction and services that result in improved outcomes for children with disabilities. Applicants also must clearly describe, under "Quality of Project Evaluation," how the project will report these evaluation results to the Office of Special Education Programs (OSEP) in the grantee's annual performance reports, the Scholar Data Report, and the project final performance report.

(c) Include, in the application appendix, all course syllabi for the proposed training program. Course syllabi must incorporate research-based curriculum and pedagogy as required under paragraph (a) of this priority.

(d) Certify in the application that the applicant intends that all scholars recruited into the program will graduate from the program by the end of the grant's project period.

or restructuring that (a) Is among the lowest-achieving five percent of Title I schools in improvement, corrective action, or restructuring or the lowest-achieving five Title I schools in improvement, corrective action, or restructuring in the State, whichever number of schools is greater; or (b) Is a high school that has had a graduation rate as defined in 34 CFR 200.19(b) that is less than 60 percent over a number of years; and (ii) Any secondary school that is eligible for, but does not receive, Title I funds that (a) Is among the lowest-achieving five percent of secondary schools or the lowest-achieving five secondary schools in the State that are eligible for, but do not receive, Title I funds, whichever number of schools is greater; or (b) Is a high school that has had a graduation rate as defined in 34 CFR 200.19(b) that is less than 60 percent over a number of years. To determine whether a school is a lowest-achieving school for purposes of this definition, a State must take into account both (i) The academic achievement of the "all students" group in a school in terms of proficiency on the State's assessments under section 1111(b)(3) of the ESEA in reading/language arts and mathematics combined; and (ii) The school's lack of progress on those assessments over a number of years in the "all students" group.

³⁵For the purposes of this priority, the term clinical learning opportunities are a method of instruction for students to apply knowledge and skills in highly controlled or simulated situations to ensure that they possess needed skills and competencies prior to entering actual or typical environments with children with disabilities.

(e) Certify in the application that the institution will not require scholars recruited into the program to work as a condition of receiving a scholarship (e.g., as graduate assistants, unless the work is required to complete their training program). Please note that this prohibition on work as a condition of receiving a scholarship does not apply to the service obligation requirements in section 662(h) of IDEA.

(f) Meet the statutory requirements contained in section 662(e) through 662(h) of IDEA.

(g) Ensure that at least 65 percent of the total requested budget per year be used for scholar support.

(h) Budget for attendance at a three-day Project Directors' meeting in Washington, DC, during each year of the project.

(i) If the project maintains a Web site, include relevant information and documents in a form that meets government or industry-recognized standards for accessibility.

(j) Submit annual data on each scholar who receives grant support. Applicants are encouraged to visit the Personnel Development Scholar Data Report Web site for further information about this data collection requirement. Typically, data collection begins on or around November 1st of each year, and grantees are notified by e-mail about the data collection period for their grant. This data collection must be submitted electronically by the grantee and does not supplant the annual grant performance report required of each grantee for continuation funding (see 34 CFR 75.590).

Focus Areas:

Within this absolute priority, the Secretary intends to support projects under the following five focus areas: (A) Training Personnel to Serve Infants, Toddlers, and Preschool-Age Children with Disabilities; (B) Training Personnel to Serve School-Age Children with Low-Incidence Disabilities; (C) Training Personnel to Provide Related Services to Children, Including Infants and Toddlers, with Disabilities; (D) Training Personnel in Minority Institutions to Serve Children, Including Infants and Toddlers, with Disabilities; and (E) Training Personnel to Provide Secondary Transition Services to School-Age Children with Disabilities.

Note: Applicants must identify the specific focus area (i.e., A, B, C, D, or E) under which they are applying as part of the competition title on the application cover sheet (SF form 424, line 4). Applicants may not submit the same proposal under more than one focus area.

Focus Area A: Training Personnel to Serve Infants, Toddlers, and Preschool-Age Children with Disabilities. For the purpose of Focus Area A, early intervention personnel are those who are trained to provide services to infants and toddlers with disabilities ages birth to three, and early childhood personnel are those who are trained to provide services to children with disabilities ages three through five (in States where the age range is other than ages three through five, we will defer to the State's certification for early childhood). In States where certification in early intervention is combined with certification in early childhood, applicants may propose a combined early intervention and early childhood training project under this focus area. We encourage interdisciplinary projects under this focus area. For purposes of this focus area, interdisciplinary projects are projects that implement common core content and practical experiences across disciplines for early intervention providers or early childhood special educators, and related services personnel to serve infants, toddlers, and preschool-age children

with disabilities. Projects training only related services personnel to serve infants, toddlers, and preschool-age children with disabilities are not eligible under this focus area (see Focus Area C).

Focus Area B: Training Personnel to Serve School-Age Children with Low-Incidence Disabilities. For the purpose of Focus Area B, personnel who serve children with low-incidence disabilities are special education personnel, including paraprofessionals, trained to serve school-age children with low-incidence disabilities including visual impairments, hearing impairments, simultaneous vision and hearing impairments, significant cognitive impairments (severe mental retardation), orthopedic impairments, autism, and traumatic brain injury. Programs preparing special education personnel to provide services to visually impaired or blind children that can be appropriately provided in braille must prepare those individuals to provide those services in braille. Projects training educational interpreters are eligible under this focus area. Projects training other related services, speech and language, or adapted physical education personnel are not eligible under this focus area (see Focus Area C). Projects training special education early intervention or preschool personnel are not eligible under this focus area (see Focus Area A).

Focus Area C: Training Personnel to Provide Related Services to Children, Including Infants and Toddlers, with Disabilities. Programs training related services personnel to serve children, including infants and toddlers, with disabilities are eligible within Focus Area C. For the purpose of this focus area, related services include, but are not limited to, psychological services, physical therapy (including therapy provided by personnel trained at the Doctor of Physical Therapy (DPT) level), adapted physical education, occupational therapy, therapeutic recreation, social work services, counseling services, audiology services (including services provided by personnel trained at the Doctor of Audiology (DAud) level), and speech and language services. Training programs in States where personnel trained to serve children with speech and language impairments are considered to be special educators are eligible under this focus area. Projects training educational interpreters are not eligible under this focus area (see Focus Area B).

Focus Area D: Training Personnel in Minority Institutions to Serve Children, Including Infants and Toddlers, with Disabilities. Programs in minority institutions are eligible under Focus Area D if they train: (a) personnel to serve one or more of the following: infants, toddlers, and preschool-age children with disabilities; (b) personnel to serve school-age children with low-incidence disabilities; (c) personnel to provide related services to children, including infants and toddlers, with disabilities; or (d) personnel to provide secondary transition services to school-age children with disabilities. Minority institutions include institutions with a minority enrollment of 25 percent or more, which may include Historically Black Colleges and Universities, Tribal Colleges, and Predominantly Hispanic Serving Colleges and Universities. Programs in minority institutions training personnel in Focus Areas A, B, C, and E are eligible within Focus Area D. Programs that are training high-incidence special education personnel are not eligible under this priority (for the purpose of this priority “high-incidence disabilities” refers to learning disabilities, emotional disturbance, or mental retardation). However, programs that are training high-incidence special education personnel are eligible under Absolute Priority 3 described elsewhere in this notice.

Note: A project funded under Focus Area D may budget for less than 65 percent, the required percentage, for scholar support if the applicant can provide sufficient justification for any designation less than this required percentage. Sufficient justification for proposing less than 65 percent of the budget for scholar support would include support for activities such as program

development, program expansion, or the addition of a new area of emphasis. Some examples of projects that may be eligible to designate less than 65 percent of their budget for scholar support include the following:

(1) A project that is proposing to start a new program may request up to a year for program development and capacity building. In the initial project year, no scholar support would be required. Instead, a project could hire a new faculty member or a consultant to assist in program development.

(2) A project that is proposing to build capacity may hire a field supervisor so that additional scholars can be trained.

(3) A project that is proposing to expand or add a new area of emphasis to the program may hire additional faculty or obtain other resources such as expert consultants, additional training supplies, or equipment that would enhance the program.

Note: Applicants proposing projects to develop, expand, or add a new area of emphasis to special education or related services programs must provide, in their applications, information on how these new areas will be sustained once Federal funding ends.

Focus Area E: Training Personnel to Provide Secondary Transition Services to School-Age Children with Disabilities. Programs that offer a sequence of career, vocational, or secondary transition courses or that enable personnel to meet State requirements for a credential or endorsement in secondary transition services for children with disabilities are eligible under Focus Area E. Eligible applicants must establish partnerships with the appropriate personnel in the institution's vocational rehabilitation counseling and career and technical education programs, if those programs are offered at the institution. Funds may be used to support faculty from those programs for their involvement in the activities outlined in this priority. Applicants must also provide documentation of the partnership in the form of a letter from the Dean or Department Chair. This letter must describe how the faculty from those programs will be involved in the partnership (e.g., involvement in the design and delivery of courses and the supervision of scholar practicum experiences).

Competitive Preference Priorities: Within this absolute priority, we give competitive preference to applications that meet one or more of the following priorities. For FY 2010 and any subsequent year in which we make awards from the list of unfunded applicants from this competition, these priorities are competitive preference priorities.

Competitive Preference Priority 1: Under 34 CFR 75.105(c)(2)(i) we award an additional 5 points to an application that meets this priority.

This priority is:

Applicants that design, field-test, and implement, as part of the evaluation described pursuant to paragraph (b) of the absolute priority under "Quality of Project Evaluation," a clear, effective plan for evaluating the knowledge and skills of graduates using a methodology that: (1) tracks graduates after they exit from a training program; and (2) is sufficiently rigorous to yield reliable information on the quality of services provided by program graduates. Applicants must also discuss how they intend to use results and findings from this evaluation as a basis for enhancing the curriculum, pedagogy, and other elements of the training program receiving support.

The applicant can use up to \$25,000 of the total award in each of years 1 and 2 for designing and field-testing the evaluation plan and can use up to \$100,000 in each of years 3 and 4 for implementing the evaluation plan. Funds for the design, field testing, and implementation of the evaluation plan are not subject to the requirement to use at least 65 percent of the total requested budget per year for scholar support.

Competitive Preference Priority 2: Under 34 CFR 75.105(c)(2)(i) we award an additional 5 points to an application that meets this priority.

This priority is:

Applicants that demonstrate an established relationship with a high-need LEA (as defined in this absolute priority) that will provide scholars with a high-quality practicum experience in a high-poverty school (as defined in the absolute priority), which may include a professional development school,³⁶ and opportunities for research-based professional development on strategies to better serve high-need children with disabilities.

Competitive Preference Priority 3: Under 34 CFR 75.105(c)(2)(i) we award an additional 5 points to an application that meets this priority.

This priority is:

In Focus Area D, applicants that document that they are institutions with minority enrollment of 50 percent or more.

Competitive Preference Priority 4: Under 34 CFR 75.105(c)(2)(i) we award an additional 5 points to an application that meets this priority.

This priority is:

In Focus Areas A, B, C, and D, applicants that prepare personnel who work with children, including infants and toddlers, who are deaf or hard of hearing to teach them listening and spoken language skills.

Note: Five is the maximum amount of points an applicant can receive for meeting competitive preference priorities 2, 3, or 4. Ten is the maximum amount of points an applicant can receive for meeting competitive preference priority 1 and either of competitive preference priorities 2, 3, or 4. Also, the Department will fund a maximum of three applications in each of the Focus Areas, with peer review scores that would not have otherwise qualified for funding without the competitive preference points.

PERFORMANCE MEASURES: Under the Government Performance and Results Act of 1993 (GPRA), the Department has established a set of performance measures, including long-term measures, that are designed to yield information on various aspects of the effectiveness and quality of the Personnel Development to Improve Services and Results for Children with Disabilities program. These measures include: (1) the percentage of projects that incorporate scientifically based practices into the curriculum; (2) the percentage of scholars who exit training programs prior to completion due to poor academic performance; (3) the percentage of degree or certification recipients who are working in the area(s) for which they were trained upon program completion; (4) the percentage of degree or certification recipients who are working in the area(s) for which they were trained upon program completion and are fully qualified under IDEA; (5) the percentage of scholars completing the IDEA-funded training programs who are knowledgeable and skilled in scientifically based practices for children, including infants and toddlers, with disabilities; (6) the Federal cost per degree or certification program recipient working in the area(s) in which they were trained upon program completion; and (7) the percentage of program graduates who maintain employment for three or more years in the area(s) for which they were trained.

Grantees may be asked to participate in assessing and providing information on these aspects of program quality.

ESTIMATED AVAILABLE FUNDS: We intend to use an estimated \$22,900,000 for the competitions announced in this notice. Please refer to the "Estimated Range of Awards" and "Maximum Award" columns of the chart on page A-33 for the estimated dollar amounts for individual competitions.

PROJECT PERIOD: Up to 48 months.

PAGE LIMITS: The application narrative (Part III of the application) is where you, the applicant, address the selection criteria that reviewers use to evaluate your application. You must limit Part III to the equivalent of no more than 50 pages for each absolute priority, using the following standards:

- A "page" is 8.5" x 11", on one side only, with 1" margins at the top, bottom, and both sides.
- Double space (no more than three lines per vertical inch) all text in the application narrative, including titles, headings, footnotes, quotations, references, and captions, as well as all text in charts, tables, figures, and graphs.

- Use a font that is either 12 point or larger or no smaller than 10 pitch (characters per inch).

The page limit does not apply to Part I, the cover sheet; Part II, the budget section, including the narrative budget justification; Part IV, the assurances and certifications; or the one-page abstract, the resumes, the bibliography, the references, or the letters of support. However, you must include all of the application narrative in Part III.

We will reject your application if--

- You apply these standards and exceed the page limit; or
- You apply other standards and exceed the equivalent of the page limit.

GENERAL REQUIREMENTS: (a) Projects funded under this notice must make positive efforts to employ and advance in employment qualified individuals with disabilities in project activities (see section 606 of IDEA); and

(b) Applicants and grant recipients funded under this notice must involve individuals with disabilities or parents of individuals with disabilities ages birth through 26 in planning, implementing, and evaluating the projects (see section 682(a)(1)(A) of IDEA);

APPLICABLE REGULATIONS: (a) The Education Department General Administrative Regulations (EDGAR) in 34 CFR parts 74, 75, 77, 79, 80, 81, 82, 84, 85, 86, 97, 98, and 99; and (b) The selection criteria for this program are from 34 CFR 75.210.

ELIGIBLE APPLICANTS: Institutions of higher education.

SPECIAL EDUCATION PRESERVICE PROGRAM IMPROVEMENT GRANTS (CFDA 84.325T)

DEADLINE: 07/14/10**Background:**

State educational agencies, institutions of higher education (IHEs), and local educational agencies (LEAs) consistently report that personnel preparation programs for kindergarten through grade 12 (K-12) special education teachers should be restructured or redesigned so that graduates of these programs meet the highly qualified teacher (HQT) requirements in the Individuals with Disabilities Education Act (IDEA). To accomplish this goal, personnel preparation programs must ensure that their graduates who expect to be providing instruction in a core academic subject are able to meet State special education certification or licensure requirements, as well as have the necessary content knowledge, consistent with the HQT requirements in IDEA.

In A Blueprint for Reform: The Reauthorization of the Elementary and Secondary Education Act (ESEA) (Blueprint),³⁷ the Department emphasizes research that shows that “top-performing teachers can make a dramatic difference in the achievement of their students, and suggests that the impact of being assigned to top-performing teachers year after year is enough to significantly narrow achievement gaps.” Reflecting this research, in both the Race to the Top competition³⁸ and the Blueprint, the Department has called for a focus on teacher effectiveness, determined by multiple measures, including in significant part the growth of each teacher’s students. High-quality information on teacher effectiveness that is based on multiple measures can be used to provide feedback to teachers for on-going improvement and support every teacher’s access to effective preparation, on-going support, recognition, and the collaboration opportunities he or she needs to succeed.

Priority:

The purpose of this priority is to support the improvement and restructuring (through expansion or redesign) of K-12 special education teacher preparation programs to ensure that program graduates meet the HQT requirements in IDEA and effectively serve children with high-incidence disabilities. For the purposes of this priority, the term high-incidence disabilities refers to learning disabilities, emotional disturbance, or mental retardation. In order to be eligible under this priority, applicants must currently prepare special education personnel (at the baccalaureate or master’s level) to serve school-age children with high-incidence disabilities.

Note: This priority only supports the improvement or restructuring of existing programs for high-incidence personnel, through, for example, the expansion of a program for elementary school teachers to include a program for secondary school teachers serving children with high-incidence disabilities. This priority does not support the development of new programs for high-

incidence personnel. In addition, this priority does not support the improvement of programs in institutions of higher education (IHEs) that are preparing preschool teachers.

Note: This priority does not authorize the selection of trainees on the basis of race, ethnicity, gender, or disability status.

To be considered for funding under the Special Education Preservice Program Improvement Grants priority, applicants must meet the application requirements contained in the priority. All projects funded under the absolute priority also must meet the programmatic and administrative requirements specified in the priority. The requirements of this priority are as follows:

(a) Demonstrate, in the narrative section of the application under “Quality of Project Services,” how--

(1) The first year of the project period will be used for planning an improved or restructured K-12 teacher preparation program that includes induction and mentoring for program participants in LEAs. The planning activities during the first year must include revising curriculum; integrating evidence-based interventions that improve outcomes for children with high-incidence disabilities into the improved or restructured program (including providing research citations for those evidence-based interventions); and coordinating with the IDEA '04 and Research For Inclusive Settings (IRIS) Center for Training Enhancements on the use of its Web-based training modules (see www.iris.peabody.vanderbilt.edu). Applicants must describe first-year activities and include a five-year timeline and implementation plan in their applications. This plan must describe the proposed project activities associated with implementation of the improved or restructured program. Implementation of the plan may not begin without approval from OSEP;

(2) The improved or restructured program is designed to integrate coursework with practicum opportunities that will enhance the competencies of beginning special education teachers to--

(i) Collaborate and work with general education teachers and other personnel to:

(A) Provide effective services and instruction in academic subjects to children with high-incidence disabilities in K-12 general education classrooms; and

(B) Address the challenges of serving high-need children with disabilities.

Note: For the purpose of this priority, “high-need children with disabilities” refers to children (ages birth through twenty-one, depending on the State) who are eligible for services under IDEA, and who may be further disadvantaged and at risk of educational failure because they: (1) are living in poverty, (2) are far below grade level, (3) are at risk of not graduating with a regular high school diploma on time, (4) are homeless, (5) are in foster care, (6) have been incarcerated, or (7) are English language learners.

(ii) Incorporate universal design for learning principles³⁹ into curricula and instructional practice;

³⁹For purposes of this priority, the term universal design for learning under the Higher Education Act of 1965, as amended: “a scientifically valid framework for guiding educational practice that--(A) provides flexibility in the ways information is presented, in the ways students respond or demonstrate knowledge and skills, and in the ways students are engaged; and (B) reduces barriers

- (iii) Integrate instructional and assistive technologies into the delivery of services;
 - (iv) Collect, manage, and analyze data to improve teaching and learning for the purpose of increasing student academic achievement; and
 - (v) Support and work with parents and families of children with disabilities;
- (3) The improved or restructured program is designed to prepare special education teachers to address the specialized needs of high-need children with disabilities (as defined in this absolute priority) with high-incidence disabilities by identifying the competencies that special education teachers need to work effectively with this population;
- (4) The improved or restructured program is designed to provide extended clinical learning opportunities,⁴⁰ field experiences, or supervised practica and ongoing high- quality mentoring and induction opportunities in local schools. Applicants also must demonstrate how they will collaborate with the National Center to Inform Policy and Practice in Special Education Professional Development in designing the program to provide extended clinical learning opportunities, field experiences, or supervised practica (see www.ncipp.org);
- (5) The improved or restructured program is designed to include field-based training opportunities in diverse settings including high-need LEAs,⁴¹ high-poverty schools,⁴² and low-performing schools, including the persistently lowest-achieving schools;⁴³
- (6) The improved or restructured program will--
- (i) Enable scholars⁴⁴ to be highly qualified, in accordance with section 602(10) of IDEA and 34 CFR 300.18, in the State(s) to be served by the applicant; and

in instruction, provides appropriate accommodations, supports, and challenges, and maintains high achievement expectations for all students, including students with disabilities and students who are limited English proficient" (20 U.S.C. 1003(24)). For consistency across U.S. Department of Education programs, we use this definition for priorities that intend to prepare personnel to teach and work in schools and other settings.

⁴⁰Clinical learning opportunities are a method of instruction for students to apply knowledge and skills in highly controlled or simulated situations to ensure that they possess needed skills and competencies prior to entering actual or typical environments with children with disabilities.

⁴¹For purposes of this priority, the term high-need LEA means an LEA (a) that serves not fewer than 10,000 children from families with incomes below the poverty line; or (b) for which not less than 20 percent of the children served by the LEA are from families with incomes below the poverty line.

⁴²For purposes of this priority, the term high-poverty school means, consistent with section 1111(h)(1)(C)(viii) of the ESEA, a school in the highest quartile of schools in the State with respect to poverty level, using a measure of poverty determined by the State.

⁴³ For purposes of this priority, the term persistently lowest-achieving school means, consistent with the section 1003(g) of the ESEA, School Improvement Grants (74 FR 65618), as determined by the State: (i) Any Title I school in improvement, corrective action, or restructuring that (a) is among the lowest-achieving five percent of Title I schools in improvement, corrective action, or restructuring or the lowest-achieving five Title I schools in improvement, corrective action, or restructuring in the State, whichever number of schools is greater; or (b) is a high school that has had a graduation rate as defined in 34 CFR 200.19(b) that is less than 60 percent over a number of years; and (ii) Any secondary school that is eligible for, but does not receive, Title I funds that (a) is among the lowest-achieving five percent of secondary schools or the lowest-achieving five secondary schools in the State that are eligible for, but do not receive, Title I funds, whichever number of schools is greater; or (b) is a high school that has had a graduation rate as defined in 34 CFR 200.19(b) that is less than 60 percent over a number of years. To determine whether a school is a lowest-achieving school, a State must take into account both (i) The academic achievement of the "all students" group in a school in terms of proficiency on the State's assessments under section 1111(b)(3) of the ESEA in reading/language arts and mathematics combined; and (ii) The school's lack of progress on those assessments over a number of years in the "all students" group.

⁴⁴For the purposes of this priority, the term scholar means an individual who is pursuing a degree, license, endorsement, or certification related to special education, related services, or early intervention services and who receives scholarship assistance under section 662 of IDEA (see 34 CFR 304.3(g)).

(ii) Ensure that scholars are equipped with the knowledge and skills necessary to assist children in meeting State academic achievement standards;

(7) The improved or restructured program is designed to provide support systems (including tutors, mentors, and other innovative practices) to enhance retention in and successful completion of the program; and

(8) The improved or restructured program will be maintained once Federal funding ends.

(b) For programs that will be restructured to produce graduates who meet the HQT requirements for teachers who teach core academic subjects, applicants must establish partnerships with the appropriate academic departments. Funds may be used to support faculty from the academic departments for their involvement in the activities outlined in paragraph (a)(4) of this priority. To address this requirement, applications must--

(1) Describe how representatives of relevant academic departments with expertise in the core academic subjects being addressed in the application will be involved in the partnership;

(2) Provide evidence that such partnerships will include a permanent faculty member from the appropriate academic departments, who will be involved in developing the overall project and designing the curriculum used to train scholars in the particular core academic subject; and

(3) Provide evidence that permanent faculty members from the appropriate academic departments participated in the design of the program.

(c) Include, in the narrative section of the application under "Quality of Project Evaluation," a clear, effective plan for evaluating the extent to which graduates of the training program have the knowledge and skills necessary to provide scientifically based or evidence-based instruction and services that result in improved outcomes for children with disabilities.

This plan must include a description of how the project will--

(1) Track training program graduates after they exit from the training program;

(2) Collect reliable data on the academic outcomes of students with high-incidence disabilities receiving special education and related services from program graduates; and

(3) Assess the quality of services provided by program graduates using student academic outcomes data, and data on other student outcomes as appropriate. Applicants must discuss how they intend to use any results and findings from this evaluation as a basis for informing and validating any proposed changes to the improved or restructured program. Applicants also must clearly describe, under "Quality of Project Evaluation," how the project will report these evaluation results to OSEP in the grantee's annual performance reports and final performance report.

(d) Include, in the application appendix, all course syllabi for the existing teacher preparation program.

(e) Submit to the Department, at the end of the first year of the project period, revised syllabi for the improved teacher preparation program.

(f) Meet the statutory requirements in section 662(e) through 662(f) of IDEA.

(g) Budget for planning and improvement activities, including activities to be performed by consultants. This priority does not provide financial support for scholars during any year of the project.

(h) Budget for attendance at a three-day Project Directors' meeting in Washington, DC, during each year of the project.

(i) If the project maintains a Web site, include relevant information and documents in a form that meets government or industry-recognized standards for accessibility.

Competitive Preference Priorities: Within this absolute priority, we give competitive preference to applications that address the following priority. For FY 2010 and any subsequent year in which we make awards from the list of unfunded applicants from this competition, these priorities are competitive preference priorities.

Competitive Preference Priority 1: Under 34 CFR 75.105(c)(2)(i) we award an additional 5 points to an application that meets this priority.

This priority is:

Competitive Preference Points Based on Collaborative Activities with an SEA or State Licensing Agency.

Applicants that document how the project will collaborate with the SEA or State teacher licensing agency on issues of program improvement that affect teacher quality and effectiveness. For purposes of this competitive preference priority, documentation must include at least a letter from both the Dean and Department Chair of the appropriate college or department that supports high-incidence special education teacher preparation and from the relevant SEA or State teacher licensing agency verifying their intent to collaborate to improve teacher quality and effectiveness. The letter must include examples of the methods to be used for collaboration (i.e., establishing a statewide consortium of teacher preparation programs for program improvement, program evaluation support, or other activities that would directly support program improvement of the projects within that State).

Competitive Preference Priority 2: Under 34 CFR 75.105(c)(2)(i) we award an additional 5 points to an application that meets this priority.

This priority is:

Competitive Preference Points Based on Dual Certification (i.e., high-incidence disabilities and regular education).

Applicants that document that the improved or restructured program will prepare graduates to be dually certified in high-incidence disabilities and regular education. Documentation for purposes of this competitive preference priority must include at least a letter from both the Dean or Department Chair of the appropriate college or department that supports high-incidence special education teacher preparation and from the Dean or Department Chair of the appropriate college or department that prepares regular education teachers verifying their intent to collaborate to ensure that the improved or restructured program will prepare graduates

to be dually certified in high-incidence disabilities and regular education. The applicant must include examples of collaboration in the letter of intent.

Program Authority: 20 U.S.C. 1462 and 1481.

PERFORMANCE MEASURES: Under the Government Performance and Results Act of 1993 (GPRA), the Department has established a set of performance measures, including long-term measures, that are designed to yield information on various aspects of the effectiveness and quality of the Personnel Development to Improve Services and Results for Children with Disabilities program. These measures include: (1) the percentage of projects that incorporate scientifically based practices into the curriculum; (2) the percentage of scholars who exit training programs prior to completion due to poor academic performance; (3) the percentage of degree or certification recipients who are working in the area(s) for which they were trained upon program completion; (4) the percentage of degree or certification recipients who are working in the area(s) for which they were trained upon program completion and are fully qualified under IDEA; (5) the percentage of scholars completing the IDEA-funded training programs who are knowledgeable and skilled in scientifically based practices for children, including infants and toddlers, with disabilities; (6) the Federal cost per degree or certification program recipient working in the area(s) in which they were trained upon program completion; and (7) the percentage of program graduates who maintain employment for three or more years in the area(s) for which they were trained.

Grantees may be asked to participate in assessing and providing information on these aspects of program quality.

ESTIMATED AVAILABLE FUNDS: We intend to use an estimated \$22,900,000 for the competitions announced in this notice. Please refer to the "Estimated Range of Awards" and "Maximum Award" columns of the chart on page A-33 for the estimated dollar amounts for individual competitions.

PROJECT PERIOD: Up to 48 months.

PAGE LIMITS: The application narrative (Part III of the application) is where you, the applicant, address the selection criteria that reviewers use to evaluate your application. You must limit Part III to the equivalent of no more than 50 pages for each absolute priority, using the following standards:

- A "page" is 8.5" x 11", on one side only, with 1" margins at the top, bottom, and both sides.
- Double space (no more than three lines per vertical inch) all text in the application narrative, including titles, headings, footnotes, quotations, references, and captions, as well as all text in charts, tables, figures, and graphs.
- Use a font that is either 12 point or larger or no smaller than 10 pitch (characters per inch).

The page limit does not apply to Part I, the cover sheet; Part II, the budget section, including the narrative budget justification; Part IV, the assurances and certifications; or the one-page abstract, the resumes, the bibliography, the references, or the letters of support. However, you must include all of the application narrative in Part III.

We will reject your application if--

- You apply these standards and exceed the page limit; or
- You apply other standards and exceed the equivalent of the page limit.

GENERAL REQUIREMENTS: (a) Projects funded under this notice must make positive efforts to employ and advance in employment qualified individuals with disabilities in project activities (see section 606 of IDEA); and

(b) Applicants and grant recipients funded under this notice must involve individuals with disabilities or parents of individuals with disabilities ages birth through 26 in planning, implementing, and evaluating the projects (see section 682(a)(1)(A) of IDEA);

APPLICABLE REGULATIONS: (a) The Education Department General Administrative Regulations (EDGAR) in 34 CFR parts 74, 75, 77, 79, 80, 81, 82, 84, 85, 86, 97, 98, and 99; and (b) The selection criteria for this program are from 34 CFR 75.210.

ELIGIBLE APPLICANTS: Institutions of higher education (IHE). Note: For Special Education Preservice Program Improvement Grants, 84.325T, programs in IHEs that are preparing preschool teachers are not eligible to apply under that competition.

SELECTION CRITERIA AND FORMAT FOR THE COMBINED PRIORITY FOR PERSONNEL PREPARATION (CFDA 84.325K) AND THE SPECIAL EDUCATION PRESERVICE PROGRAM IMPROVEMENT GRANTS (CFDA 84.325T) COMPETITIONS

Part III of the application form requires a narrative that addresses the selection criteria that will be used by reviewers in evaluating individual proposals. Applications are more likely to receive favorable reviews by panels when they are organized according to the format suggested below. This format was published in the FEDERAL REGISTER as an appendix to the program regulations, and it addresses all the selection criteria used to evaluate applications required by regulations. If you prefer to use a different format, you may wish to cross-reference the sections of your application to the selection criteria to be sure that reviewers are able to find all relevant information.

The selection criteria that will be used to evaluate applications submitted to the **Combined Priority for Personnel Preparation (CFDA 84.325K) and the Special Education Preservice Program Improvement Grants (CFDA 84.325T)** competitions are the selection criteria for new grants required by the EDGAR general selection criteria menu. The maximum score for all of the criteria is 100 points, not including points for competitive preference).

An **abstract**, not to exceed one page, should precede the application narrative of all applications and it would be helpful if it included the following information: Purpose of the project; disability addressed by the project; age group (e.g., 0-3, preschool, elementary school, middle school, high school, secondary transition, and postsecondary); geography (e.g., rural, suburban, urban); severity (e.g., mild, moderate, and severe); proposed products; proposed outcomes; names/affiliations of key collaborators. It would be helpful if the abstract includes: (a) the title of the program, (b) the name of the Absolute Priority, and (c) the CFDA Number (e.g., 84.325D).

For Personnel Preparation applications, the abstract should also include, as appropriate, (a) the degree individuals receive upon completion of the program, (b) type of program offered, (c) number of students who receive support, and (d) percent of total annual funding designated for student support.

(a) Need for project. (20 points)

(1) The Secretary considers the need for the proposed project.

(2) In determining the need for the proposed project, the Secretary considers the following factors:

(i) The extent to which specific gaps or weaknesses in services, infrastructure, or opportunities have been identified and will be addressed by the proposed project, including the nature and magnitude of those gaps or weaknesses; or

(ii) The extent to which the proposed project will prepare personnel for fields in which shortages have been demonstrated.

(b) Quality of project services. (20 points)

(1) The Secretary considers the quality of the services to be provided by the proposed project.

(2) In determining the quality of the services to be provided by the proposed project, the Secretary considers the quality and sufficiency of strategies for ensuring equal access and treatment for eligible project participants who are members of groups that have traditionally been underrepresented based on race, color, national origin, gender, age, or disability.

(3) In addition, the Secretary considers the following factors:

(i) The extent to which the professional development to be provided by the proposed project reflect up-to-date knowledge from research and effective practice;

(ii) The extent to which the training or professional development services to be provided by the proposed project are of sufficient quality, intensity, and duration to lead to improvements in practice among the recipients of those services;

(iii) The extent to which the training or professional development services to be provided by the proposed project are likely to alleviate the personnel shortages that have been identified or are the focus of the proposed project; and

(iv) The extent to which the professional development to be provided by the proposed project involve the collaboration of appropriate partners for maximizing the effectiveness of project services.

(c) Quality of project personnel. (20 points)

(1) The Secretary considers the quality of the personnel who will carry out the proposed project.

(2) In determining the quality of project personnel, the Secretary considers the extent to which the applicant encourages applications for employment from persons who are members of groups that have traditionally been underrepresented based on race, color, national origin, gender, age, or disability.

(3) In addition, the Secretary considers the following factor:

(i) The qualifications, including relevant training and experience, of key project personnel.

(d) Quality of the management plan. (10 points)

(1) The Secretary considers the quality of the management plan for the proposed project.

(2) In determining the quality of the management plan for the proposed project, the Secretary considers the following factors:

(i) The adequacy of the management plan to achieve the objectives of the proposed project on time and within budget, including clearly defined responsibilities, timelines, and milestones for accomplishing project tasks;

(ii) The adequacy of procedures for ensuring feedback and continuous improvement in the operation of the proposed project; and

(iii) The extent to which the time commitments of the project director and principal investigator and other key project personnel are appropriate and adequate to meet the objectives of the proposed project.

(e) Adequacy of resources. (10 points)

(1) The Secretary considers the adequacy of resources for the proposed project.

(2) In determining the adequacy of resources for the proposed project, the Secretary considers the following factors:

(i) The adequacy of support, including facilities, equipment, supplies, and other resources, from the applicant organization or the lead applicant organization;

(ii) The extent to which the budget is adequate to support the proposed project;

(iii) The extent to which the costs are reasonable in relation to the objectives, design, and potential significance of the proposed project;

(iv) The extent to which the costs are reasonable in relation to the number of persons to be served and to the anticipated results and benefits; and

(v) The potential for continued support of the project after Federal funding ends, including, as appropriate, the demonstrated commitment of appropriate entities to such support.

(f) Quality of project evaluation. (20 points)

(1) The Secretary considers the quality of the evaluation to be conducted of the proposed project.

(2) In determining the quality of the evaluation, the Secretary considers the following factors:

(i) The extent to which the methods of evaluation are thorough, feasible, and appropriate to the goals, objectives, and outcomes of the proposed project; and

(ii) The extent to which the methods of evaluation include the use of objective performance measures that are clearly related to the intended outcomes of the project and will produce quantitative and qualitative data to the extent possible.

GENERAL INFORMATION ON COMPLETING AN APPLICATION

GENERAL INFORMATION ON COMPLETING AN APPLICATION

Potential applicants frequently direct questions to officials of the Department regarding application notices and programmatic and administrative regulations governing various direct grant programs. To assist potential applicants, the Office of Special Education Programs staff have assembled the following most commonly raised issues. In general, this information applies to the grant competitions covered by this application package.

EXTENSION OF DEADLINES

Waivers for individual applications are not granted, regardless of the circumstances. Under very extraordinary circumstances a closing date may be changed. Such changes are announced in the *Federal Register*.

COPIES OF THE APPLICATION

Current Government-wide policy is that only an original and two copies need to be submitted. OSEP would appreciate receiving three additional copies to facilitate the peer review process. This would mean an original and two copies need to be submitted and we would appreciate your voluntarily submitting an additional three copies (six applications in all). Copies of the application may be bound, but it is not necessary or required. If bound, one copy should be left unbound to facilitate electronic scanning and any necessary reproduction. Applicants should not use colored paper, foldouts, photographs, or other materials that are hard to duplicate.

Please Note: If an application is recommended for funding and a grant award is issued, we will contact the applicant to request a copy of the application on a diskette or CD. The Department is moving toward an electronic grant filing system and an electronic copy of all applications that are being funded will facilitate this effort.

MAKING APPLICATIONS MORE ACCESSIBLE TO REVIEWERS WHO ARE BLIND OR HAVE LOW VISION

The Department will accept one copy of the application in an accessible format (i.e., IBM PC compatible WordPerfect or ASCII code diskette) along with the original and two print copies of the application. The accessible format copy can be used with available software to convert the text of the application into Braille, or with text to voice applications. If there are any differences in the print original provided on the disk and in print, the print original is assumed to be the correct version. Please note that it is not a requirement that one copy of the application be in an accessible format.

MISSED DEADLINES AND SUBMISSION UNDER OTHER COMPETITIONS

Should an application miss the deadline for a particular competition, it may be submitted to another competition. However, if an application is properly prepared to meet the specifications of one competition, it is extremely unlikely that it would be favorably evaluated under a different competition.

SUBMISSION TO MORE THAN ONE PROGRAM

Applications may be submitted to more than one Federal program if you are unsure of the most appropriate program. Each application should be prepared following the instructions for that particular program as closely as possible (which may require some reformulation). It is very helpful if each program is notified that an identical or similar application is being submitted to another program.

HELP PREPARING APPLICATIONS

We are happy to provide general program information. Clearly it would **not** be appropriate for staff to participate in the actual writing of an application, but we can respond to specific questions about our application requirements and evaluation criteria, or about the announced priorities. Applicants should understand that such previous contact is not required, nor does it guarantee the success of an application.

NOTIFICATION OF FUNDING

The time required to complete the evaluation of applications is variable. Once applications have been received staff must determine the areas of expertise needed to appropriately evaluate the applications, identify and contact potential reviewers, convene peer review panels, and summarize and review the recommendations of the review panels. You can expect to receive notification within 3 to 6 months of the application closing date, depending on the number of applications received and the number of competitions with closing dates at about the same time. The requested start date should therefore be a minimum of 6 months after the application closing date.

POSSIBILITY OF LEARNING THE OUTCOME OF REVIEW PANELS PRIOR TO OFFICIAL NOTIFICATION

Every year we are called by a number of applicants who have legitimate reasons for needing to know the outcome of the review prior to official notification. Some applicants need to make job decisions, some need to notify a local school district, etc. Regardless of the reason, we cannot share information about the review with **anyone** until the Assistant Secretary has approved a slate of projects recommended for funding. You will be notified as quickly as possible either by telephone (if your application is recommended for funding), or through a letter (if your application is not successful).

FORMAT FOR APPLICATIONS

The application narrative (Part III of the application form) should be organized to follow the exact sequence of the components in the selection criteria used to evaluate applications. (The selection criteria for the competitions covered by this packet are listed following the specific competition information in section "B" of this packet.) A table of contents, list of priority requirements, and an abstract should precede the application narrative. If you prefer to use a different format, you may wish to cross-reference the sections of your application to the selection criteria to be sure that reviewers are able to find all relevant information.

To aid in screening and reviewing the application, applicants should create a list of page numbers, in Part II and prior to the abstract, that provide the location in the priority of all general, special, and other requirements and text that addresses the competitive preference (s). in the priority with their corresponding page number (s). Page limits do not apply to this list. (All requirements are found in each priority description included in this application package.) The format included below is an example of how you might provide this information in your application.

PAGE #	REQUIREMENTS
_____	(a) Projects funded under this notice must make positive efforts to employ and advance in employment qualified individuals with disabilities in project activities. (See Section 606 of IDEA)
_____	(b) Applicants and grant recipients funded under this notice must involve individuals with disabilities or parents of individuals with disabilities ages birth through 26 in planning, implementing, and evaluating the projects. (See Section 682(a)(1)(A) of IDEA)
_____	(c) Applicant must describe steps to ensure equitable access to, and participation in, its program for students, teachers, and other program beneficiaries with special needs. (See Section 427, GEPA)
_____	(d) Projects funded under these priorities must budget for a three-day Project's Directors' meeting in Washington, D.C. during each year of the project.

PAGE LIMITS

Please note that all applications submitted under the competition in this application package must adhere to the Part III—Application Narrative page limit requirements that are specified under each priority/competition description. Your application should provide enough information to allow the review panel to evaluate the importance and impact of the project as well as to make knowledgeable judgments about the methods you propose to use (design, subjects, sampling procedures, measures, instruments, data analysis strategies, etc.). It is often helpful to have:

1. **Staff Vitae:** They should include each person's title and role in the proposed project and contain only information that is relevant to this proposed project's activities and/or publications. Vitae for consultants and Advisory Council members should be similarly brief.
2. **Instruments:** Except in the case of generally available and well known instruments.
3. **Agreements:** When the participation of an agency other than the applicant is critical to the project. This is particularly critical when an intervention will be implemented within an agency, or when subjects will be drawn from particular agencies. Letters of cooperation should be specific, indicating agreement to implement a particular intervention or to provide access to a particular group of students.

The items listed above are not included under page limits.

MAKING SURE APPLICATION IS ASSIGNED TO THE CORRECT COMPETITION

Applicants should clearly indicate in Item 11 on the application (SF Form 424) the CFDA number of the program priority (e.g., 84.325D, 84.325K, or 84.325T, etc.) representing the competition in which the application should be considered. If this information is not provided, your application may inadvertently be assigned and reviewed under a different competition from the one you intended.

RETURN OF NON-FUNDED APPLICATIONS

We do not return original copies of applications. Thus, applicants should retain at least one copy of the application. Copies of reviewer comments will be mailed to all applicants.

PROPOSED STAFF AVAILABILITY TO PROJECT

For each staff person named in the application, please provide documentation of all internal and external time commitments. In instances where a staff person is committed on a federally supported project, please provide the project name, Federal office, program title, the project federal award number, and the amount of committed time by each project year. This information (e.g., Staff: Jane Doe; Project Name: Succeeding in the General Curriculum; Federal office: Office of Special Education Programs; Program title: Technology and Media Services for Individuals with Disabilities; Award number: H326A030002; Time commitments: Year 1—30%; Year 2—25% and Year 3—40%) can be provided as an Appendix to the application.

In general, we will not reduce time commitments on currently funded grants from the time proposed in the original application. Therefore, we will not consider for funding any application where key staff are bid above a time commitment level that staff have available to bid. Further, the time commitments stated in newly submitted applications will not be negotiated down to permit the applicant to receive a new grant award.

USE OF PERSON LOADING CHARTS

It is important for applicants to include proposed time commitments for all project personnel. Also, program officials and applicants often find person loading charts useful formats for showing project personnel and their time commitments to individual activities. A person loading chart is a tabular representation of major evaluation activities by number of days spent by each key person involved in each activity, as shown in the following example.

TABLE: PERSON LOADING CHART — TIME IN DAY(S) BY PERSON*

Activity	Time in Day(s) by Person			
	Person A	Person B	Person C	Person D
Library Research	0	0	0	0
Hire Staff	0	0	0	0
Prepare Materials	0	0	0	0
Train Raters	0	2	0	0
Data Collection	0	0	0	0
Data Analysis	0	0	0	0
Dissemination (manuscripts, etc.)	0	0	0	0

*Note: All figures represent FTE for the grant year.

DELIVERING/SENDING APPLICATIONS TO THE COMPETITION MANAGER

Applications can be mailed or hand delivered, or submitted electronically but in either case must go to the Application Control Center at the address listed in the Application Transmittal Instructions. Delivering or sending the application to the competition manager in the program office may prevent it from being logged in on time to the appropriate competition and may result in the application not being reviewed.

ALLOWED TRAVEL UNDER THESE PROJECTS

Travel is allowed if the travel specifically relates to the expressed goals of the project. Travel by students to further their education under the project's goals is also allowed. Travel to conferences is the travel item that is most likely to be questioned during negotiations. Such travel is sometimes allowed when it is for purposes of dissemination, when there will be results to be disseminated, and when it is clear that a conference presentation or workshop is an effective way of reaching a particular target group.

FUNDING OF APPROVED APPLICATIONS

It is often the case that the number of applications recommended for approval by the reviewers exceeds the dollars available for funding projects under a particular competition. When the panel reviews are completed for a particular competition, the individual reviewer scores and applications are ranked. The higher ranked, approved applications are funded first, and there are often lower ranked, approved applications that do not receive funding. Sometimes, one or two applications that are approved and fall next in rank order (after those projects selected for funding) are placed on hold. If dollars become available as a result of negotiations, or if a higher ranked applicant declines the award, the projects on hold may receive funding. If you receive a letter stating that you will not receive funding, then your project has neither been selected for funding nor placed on hold.

INDIRECT COST RATE

For competitions under the **Personnel Development to Improve Services and Results for Children with Disabilities** (84.325) program, the indirect cost rate may not exceed eight percent of the direct costs. Some or all of the grants awarded under this program have been designated training grants. The Education Department General Administrative Regulations (EDGAR) limit reimbursement of indirect costs under training grants to non-governmental grantees (subject to 34 CFR part 74). These grantees may recover indirect costs under training grants up to the grantee's actual indirect costs as determined by the grantee's negotiated indirect cost agreement or a maximum of 8% of a modified total direct costs, whichever is less.

Note: This limitation does not apply to State agencies, local governments or Federally-recognized Indian tribal governments. [§75.562(c)(2)]

Grantees charging indirect costs to an ED training grant at the 8% rate should have a negotiated rate with their *cognizant agency*, i.e., either the Federal agency from which it has received the most direct funding subject to indirect cost support, the particular agency specifically assigned cognizance by the Office of Management and Budget or the State agency that provides the most subgrant funds to the grantee.

Although applicants are not required to submit with their application a copy of their indirect cost agreement to claim the 8% rate for funding received in this program, they are required to have documentation available for audit that shows that their negotiated indirect cost rate is at least 8% [§75.563(d)].

Applicants should be aware that amounts representing the difference between the 8% rate and a greater indirect cost rate negotiated with a cognizant agency may **not** be charged to direct cost categories, used to satisfy matching or cost-sharing requirements, or charged to another Federal award. [§75.563(c)(3)]

Please remember, that recent changes in the indirect costs calculations now removes the cost for student support; traineeships, stipends, tuition, from the direct cost line item. Students' costs are not subject to indirect cost rates.

ISSUES RAISED DURING DISCUSSIONS PRIOR TO AWARD

If your application is recommended for funding, discussions may be held prior to award to clarify technical or budget issues. These are issues that have been identified during panel and staff review. Generally, technical issues are minor issues that require clarification. Alternative approaches may be presented for your consideration, or you may be asked to provide additional information or rationale for something you have proposed to do. Sometimes, concerns are stated as "conditions". These are concerns that have been identified as so critical that the award cannot be made unless those conditions are met. Questions are also

raised about the proposed budget during the discussion phase. Generally, budget issues are raised because there is inadequate justification or explanation of the particular budget item, or because the budget item does not seem critical to the successful completion of the project. A Federal project officer will present the issues to you and ask you to respond. If you do not understand the question, you should ask for clarification. In responding to discussion items you should provide any additional information or clarification requested. You may feel that an issue was addressed in the application. It may not, however, have been explained in enough detail to make it understood by reviewers, and more information should be provided. If you are asked to make changes that you feel could seriously affect the project's success, you may provide reasons for not making the changes, or provide alternative suggestions. Similarly, if proposed budget reductions will, in your opinion, seriously affect the proposed activities, you may want to explain why and provide additional justification for the proposed expenses. Your changes, explanations and alternative suggestions will be carefully evaluated by staff. In some instances, an applicant may again be contacted for additional information. An award cannot be made until all issues have been resolved and conditions met.

TREATING A PRIORITY AS TWO SEPARATE COMPETITIONS.

In the past, there have been problems in finding peer reviewers without conflicts of interest where applications are made by many entities throughout the country. The Standing Panel requirements also place additional constraints on the availability of reviewers. Therefore, The Department has determined that, for some discretionary priorities, applications may be ranked and selected for funding in two or more groups, which will ensure the availability of a much larger group of reviewers without conflicts of interest. This procedure will increase the quality, independence and fairness of the review process and will permit panel members to review applications under discretionary priorities to which they have also submitted applications.

SUCCESSFUL APPLICATIONS AND ESTIMATED/PROJECTED BUDGET AMOUNTS IN SUBSEQUENT YEARS

There is a maximum award amount specified for the priority/competitions included in this package. The Department rejects and does not consider an application that proposes a budget exceeding the maximum amount for any single budget period of 12 months for the priorities included in this package. Please refer to the priority description to determine the maximum award for any one particular competition. Since the yearly budgets for multi-year projects will be negotiated at the time of the initial award, applicants must include detailed budgets for each year of their proposed project. Generally, out-year funding levels most likely will not exceed 1st year budgets. However, budget modifications during the negotiation process, the findings from the previous year, or needed changes in the study design can affect your budget requirements in subsequent years, but in no case will out-year budgets exceed the maximum award amount.

REQUIREMENT TO REPORT THE RESULTS OF GRANT ACTIVITIES

The Department shall, where appropriate, require recipients of all grants, contracts and cooperative agreements under Part D of the *Individuals with Disabilities Education Act* to prepare reports describing their procedures, findings, and other relevant information. The Department shall require their delivery to the Department of Education and other networks as The Department may determine appropriate. (20 U.S.C. 1482)

DIFFERENCE BETWEEN A COOPERATIVE AGREEMENT AND A GRANT

A cooperative agreement is similar to a grant in that its principal purpose is to accomplish a public purpose of support or stimulation as authorized by a Federal statute. It differs from a grant in the sense that in a cooperative agreement substantial involvement is anticipated between the executive agency (in this case the Department of Education) and the recipient during the performance of the contemplated activity.

DIFFERENCE BETWEEN AN ABSOLUTE PRIORITY, AN INVITATIONAL PRIORITY, AND A COMPETITIVE PRIORITY

An absolute priority is a priority that an applicant must address in order to receive an award. If an applicant does not address an absolute priority, their application will be returned as being non-responsive to the priority.

An invitational priority is a priority that reflects a particular interest of the Department, and an applicant is encouraged to address the invitational priority along with the required absolute priority. However, an applicant choosing to address an invitational priority will not receive any competitive preference over other applications.

A competitive priority is like an invitational priority in that it reflects a particular interest of the Department, and an applicant is encouraged to address the competitive priority along with the required absolute priority. A competitive priority may be handled in one of two ways:

1. an application may be awarded additional points depending on how effectively it addresses the competitive priority; or
2. an application that meets a competitive priority may be selected over an application of comparable merit that does not address the competitive priority. The type of competitive priority for a particular competition is always included in the *Federal Register* announcement.

Information about the Department's funding opportunities, including copies of application notices for discretionary grant competitions, can be viewed on the Department's grant information web page which can be accessed on the Internet at: www.ed.gov/about/offices/list/ocfo/gcsindex.html

However, the official application notice for a discretionary grant competition is the notice published in the *Federal Register*.

APPLICATION TRANSMITTAL INSTRUCTIONS AND REQUIREMENTS FOR INTERGOVERNMENTAL REVIEW

APPLICATION TRANSMITTAL INSTRUCTIONS

ATTENTION ELECTRONIC APPLICANTS: Please note that you must follow the Application Procedures as described in the Federal Register notice announcing the grant competition. Some programs may require electronic submission of applications, and those programs will have specific requirements and waiver instructions in the Federal Register notice.

If you want to apply for a grant and be considered for funding, you must meet the following deadline requirements:

APPLICATIONS SUBMITTED ELECTRONICALLY

You must submit your grant application through the Internet using the software provided on the e-application Web site (<http://e-grants.ed.gov/>), by 4:30:00 p.m. (Washington, D.C. time) on the application deadline date.

If you submit your application through the Internet via the e-Grants Web site, you will receive an automatic acknowledgment when we receive your application.

For more information on using e-application, please refer to the Notice Inviting Applications that was published in the Federal Register, the e-application Submission Procedures and Tips document found in the application package instructions, and visit <http://e-grants.ed.gov/>.

APPLICATIONS SENT BY MAIL

You must mail the original and two copies of the application on or before the deadline date. To help expedite our review of your application, we would appreciate your voluntarily including an additional 3 copies of your application.

Please mail copies to:

U.S. Department of Education
Application Control Center
Attention: CFDA# 84.325D, 84.325K, or 84.325T
LBJ Basement Level 1
400 Maryland Avenue, SW
Washington, DC 20202-4260

You must show one of the following as proof of mailing:

- (1) A legibly dated U. S. Postal Service Postmark.
- (2) A legible mail receipt with the date of mailing stamped by the U. S. Postal Service.
- (3) A dated shipping label, invoice, or receipt from a commercial carrier.
- (4) Any other proof of mailing acceptable to the Secretary.

If you mail an application through the U.S. Postal Service, we do not accept either of the following as proof of mailing:

- (1) A private metered postmark.
- (2) A mail receipt that is not dated by the U.S. Postal Services.

An applicant should note that the U.S. Postal Service does not uniformly provide a dated postmark. Before relying on this method, an applicant should check with its local post office.

Applications Delivered by Commercial Carrier

Special Note: Due to recent disruptions to normal mail delivery, the Department encourages you to consider using an alternative delivery method (for example, a commercial carrier, such as Federal Express or United Parcel Service; or U. S. Postal Service Express Mail) to transmit your application for this competition to the Department. If you use an alternative delivery method, please obtain the appropriate proof of mailing under “Applications Sent by Mail,” then follow the mailing instructions under the appropriate delivery method.

Applications that are delivered by commercial carrier, such as Federal Express, United Parcel Service, etc. should be mailed to the:

U.S. Department of Education
Application Control Center – Stop 4260
Attention: CFDA# 84.325D, 84.325K, or 84.325T
550 12th Street, SW
Room 7041, Potomac Center Plaza
Washington, DC 20202-4260

APPLICATIONS DELIVERED BY HAND

You or your courier must hand deliver the original and number of copies requested of the application by 4:30:00 p.m. (Washington, DC time) on or before the deadline date. To help expedite our review of your application, we would appreciate your voluntarily including an additional 3 copies of your application.

Please hand deliver copies to:

U.S. Department of Education

The Application Control Center accepts application deliveries daily between 8:00 a.m. and 4:30:00 p.m. (Washington, D.C. time), except Saturdays, Sundays and Federal holidays.

APPENDIX

INTERGOVERNMENTAL REVIEW OF FEDERAL PROGRAMS

This appendix applies to each program that is subject to the requirements of Executive Order 12372 (Intergovernmental Review of Federal Programs) and the regulations in 34 CFR part 79.

The objective of the executive order is to foster an intergovernmental partnership and to strengthen federalism by relying on state and local processes for state and local government coordination and review of proposed federal financial assistance.

Applicants must contact the appropriate State Single Point of Contact to find out about, and to comply with, the state's process under Executive Order 12372. Applicants proposing to perform activities in more than one state should immediately contact the Single Point of Contact for each of those states and follow the procedure established in each of those states under the Executive order. A listing containing the Single Point of Contact for each state is included in this appendix.

In states that have not established a process or chosen a program for review, state, areawide, regional, and local entities may submit comments directly to the Department.

Any State Process Recommendation and other comments submitted by a State Single Point of Contact and any comments from state, areawide, regional and local entities must be mailed or hand-delivered by the date indicated in the actual application notice to the following address:

The Secretary
EO 12372—CFDA 84.325D, 84.325K, or 84.325T [commenter must insert number—including
suffix letter, if any]
U.S. Department of Education, Room 7W301
400 Maryland Avenue, SW
Washington, DC 20202

Proof of mailing will be determined on the same basis as applications (see 34 CFR 75.102). Recommendations or comments may be hand-delivered until 4:30 p.m. (Washington, D.C. time) on the date indicated in the actual application notice.

PLEASE NOTE THAT THE ABOVE ADDRESS IS NOT THE SAME ADDRESS AS THE ONE TO WHICH THE APPLICANT SUBMITS ITS COMPLETED APPLICATION. DO NOT SEND APPLICATIONS TO THE ABOVE ADDRESS.

STATE SINGLE POINTS OF CONTACT (SPOCs)

It is estimated that in 2008 the federal government will outlay \$449 billion in grants to state and local governments. Executive Order 12372, "Intergovernmental Review of Federal Programs," was issued with the desire to foster the intergovernmental partnership and strengthen federalism by relying on state and local processes for the coordination and review of proposed federal financial assistance and direct federal development. The order allows each state to designate an entity to perform this function. Below is the official list of those entities. For those states that have a home page for their designated entity, a direct link has been provided below by clicking on the state name.

States that are not listed on this page have chosen not to participate in the intergovernmental review process, and therefore do not have a SPOC. If you are located within a state that does not have a SPOC, you may send application materials directly to a federal awarding agency

Contact information for federal agencies that award grants can be found in Appendix IV of the Catalog of Federal Domestic Assistance.

**NOTICE TO ALL APPLICANTS
ENSURING EQUITABLE ACCESS AND
APPLICATION FORMS AND INSTRUCTIONS**

NOTICE TO ALL APPLICANTS

The purpose of this enclosure is to inform you about a new provision in the Department of Education's General Education Provisions Act (GEPA) that applies to applicants for new grant awards under Department programs. This provision is Section 427 of GEPA, enacted as part of the *Improving America's Schools Act of 1994* (Public Law (P.L.) 103-382).

To Whom Does This Provision Apply?

Section 427 of GEPA affects applicants for new grant awards under this program. **All applicants for new awards must include information in their applications to address this new provision in order to receive funding under this program.**

(If this program is a state-formula grant program, a state needs to provide this description only for projects or activities that it carries out with funds reserved for state-level uses. In addition, local school districts or other eligible applicants that apply to the state for funding need to provide this description in their applications to the state for funding. The state would be responsible for ensuring that the school district or other local entity has submitted a sufficient section 427 statement as described below.)

What Does This Provision Require?

Section 427 requires each applicant for funds (other than an individual person) to include in its application a description of the steps the applicant proposes to take to ensure equitable access to, and participation in, its federally-assisted program for students, teachers, and other program beneficiaries with special needs. This provision allows applicants discretion in developing the required description. The statute highlights six types of barriers that can impede equitable access or participation: gender, race, national origin, color, disability, or age. Based on local circumstances, you should determine whether these or other barriers may prevent your students, teachers, etc. from such access or participation in, the federally-funded project or activity.

The description in your application of steps to be taken to overcome these barriers need not be lengthy; you may provide a clear and succinct description of how you plan to address those

barriers that are applicable to your circumstances. In addition, the information may be provided in a single narrative, or, if appropriate, may be discussed in connection with related topics in the application.

Section 427 is not intended to duplicate the requirements of civil rights statutes, but rather to ensure that, in designing their projects, applicants for federal funds address equity concerns that may affect the ability of certain potential beneficiaries to fully participate in the project and to achieve to high standards. Consistent with program requirements and its approved application, an applicant may use the Federal funds awarded to it to eliminate barriers it identifies.

What are Examples of How an Applicant Might Satisfy the Requirement of This Provision?

The following examples may help illustrate how an applicant may comply with Section 427.

- (1) An applicant that proposes to carry out an adult literacy project serving, among others, adults with limited English proficiency, might describe in its application how it intends to distribute a brochure about the proposed project to such potential participants in their native language.
- (2) An applicant that proposes to develop instructional materials for classroom use might describe how it will make the materials available on audio tape or in Braille for students who are blind.
- (3) An applicant that proposes to carry out a model science program for secondary students and is concerned that girls may be less likely than boys to enroll in the course, might indicate how it intends to conduct "outreach" efforts to girls, to encourage their enrollment.

We recognize that many applicants may already be implementing effective steps to ensure equity of access and participation in their grant programs, and we appreciate your cooperation in responding to the requirements of this provision.

OMB Control No. 1894-0005 (Exp. 01/31/2011)

ESTIMATED BURDEN STATEMENT FOR GEPA REQUIREMENTS

According to the *Paperwork Reduction Act of 1995*, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. The valid OMB control number for this information collection is **1894-0005**. The time required to complete this information collection is estimated to average 1.5 hours per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. If you have any comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to:

APPLICATION FORMS AND INSTRUCTIONS

The application is divided into four parts. These parts are organized in the same manner that the submitted application should be organized. These parts are as follows:

- Part I:** Application for Federal Assistance (SF 424) and Instructions.
- Part II:** Budget Information — Non-Construction Programs (ED Form 524) and Instructions.
- Part III:** Application Narrative.
- Part IV:** Assurances and Certifications:
 - Assurances — Non-Construction Programs (Standard Form 424B).
 - Certifications Regarding Lobbying (ED Form 80-0013).
 - Disclosure of Lobbying Activities.

An applicant may submit information on a photostatic copy of the application and budget forms, the assurances, and the certifications. However, the application form, the assurances and the certifications must each have an original signature. No grant may be awarded unless a completed application form has been received.

INSTRUCTIONS FOR DEPARTMENT OF EDUCATION SUPPLEMENTAL INFORMATION FOR SF 424

1. **Project Director.** Name, address, telephone and fax numbers, and e-mail address of the person to be contacted on matters involving this application.
2. **Novice Applicant.** Check “Yes” or “No” only if assistance is being requested under a program that gives special consideration to novice applicants. Otherwise, **leave blank.**

Check “Yes” if you meet the requirements for novice applicants specified in the regulations in 34 CFR 75.225 and included on the attached page entitled “Definitions for Department of Education Supplemental Information for SF 424.” By checking “Yes” the applicant certifies that it meets these novice applicant requirements. Check “No” if you do not meet the requirements for novice applicants.

3. **Human Subjects Research.** (See I. A. “Definitions” in attached page entitled “Definitions for Department of Education Supplemental Information for SF 424.”)

If Not Human Subjects Research. Check “No” if research activities involving human subjects are not planned at any time during the proposed project period. The remaining parts of Item 3 are then not applicable.

If Human Subjects Research. Check “Yes” if research activities involving human subjects are planned at any time during the proposed project period, either at the applicant organization or at any other performance site or collaborating institution. Check “Yes” even if the research is exempt from the regulations for the protection of human subjects. (See I. B. “Exemptions” in attached page entitled “Definitions for Department of Education Supplemental Information For SF 424.”)

- 3a. **If Human Subjects Research is Exempt from the Human Subjects Regulations.** Check “Yes” if all the research activities proposed are designated to

be exempt from the regulations. Insert the exemption number(s) corresponding to one or more of the six exemption categories listed in I. B. “Exemptions.” In addition, follow the instructions in II. A. “Exempt Research Narrative” in the attached page entitled “Definitions for Department of Education Supplemental Information Form SF 424.”

- 3a. **If Human Subjects Research is Not Exempt from Human Subjects Regulations.** Check “No” if some or all of the planned research activities are covered (not exempt). In addition, follow the instructions in II. B. “Nonexempt Research Narrative” in the page entitled “Definitions for Department of Education Supplemental Information Form SF 424

- 3a. **Human Subjects Assurance Number.** If the applicant has an approved Federal Wide (FWA) on file with the Office for Human Research Protections (OHRP), U.S. Department of Health and Human Services, that covers the specific activity, insert the number in the space provided. If the applicant does not have an approved assurance on file with OHRP, enter “None.” In this case, the applicant, by signature on the SF-424, is declaring that it will comply with 34 CFR 97 and proceed to obtain the human subjects assurance upon request by the designated ED official. If the application is recommended/selected for funding, the designated ED official will request that the applicant obtain the assurance within 30 days after the specific formal request.

NOTE ABOUT

INSTITUTIONAL REVIEW BOARD APPROVAL.

ED does not require certification of Institutional Review Board approval with the application. However, if an application that involves non-exempt human subjects research is recommended/selected for funding, the designated ED official will request that the applicant obtain and send the certification to ED within 30 days after the formal request.

DEFINITIONS FOR DEPARTMENT OF EDUCATION SUPPLEMENTAL INFORMATION FOR SF 424

(Attachment to Instructions for Supplemental Information for SF 424)

DEFINITIONS

Novice Applicant (See 34 CFR 75.225).

For discretionary grant programs under which the Secretary gives special consideration to novice applications, a novice applicant means any applicant for a grant from ED that—

- Has never received a grant or subgrant under the program from which it seeks funding;
- Has never been a member of a group application, submitted in accordance with 34 CFR 75.127-75.129, that received a grant under the program from which it seeks funding; and
- Has not had an active discretionary grant from the Federal government in the five years before the deadline date for applications under the program. For the purposes of this requirement, a grant is active until the end of the grant's project or funding period, including any extensions of those periods that extend the grantee's authority to obligate funds.

In the case of a group application submitted in accordance with 34 CFR 75.127-75.129, a group includes only parties that meet the requirements listed above.

PROTECTION OF HUMAN SUBJECTS IN RESEARCH

I. Definitions and Exemptions

A. Definitions.

A research activity involves human subjects if the activity is research, as defined in the Department's regulations, and the research activity will involve use of human subjects, as defined in the regulations.

—Research

The ED Regulations for the Protection of Human Subjects, Title 34, Code of Federal Regulations, Part 97, define research as “a

systematic investigation, including research development, testing and evaluation, designed to develop or contribute to generalizable knowledge.” *If an activity follows a deliberate plan whose purpose is to develop or contribute to generalizable knowledge it is research.* Activities which meet this definition constitute research whether or not they are conducted or supported under a program that is considered research for other purposes. For example, some demonstration and service programs may include research activities.

—Human Subject

The regulations define human subject as “a living individual about whom an investigator (whether professional or student) conducting research obtains (1) data through intervention or interaction with the individual, or (2) identifiable private information.” (1) *If an activity involves obtaining information about a living person by manipulating that person or that person's environment, as might occur when a new instructional technique is tested, or by communicating or interacting with the individual, as occurs with surveys and interviews, the definition of human subject is met.* (2) *If an activity involves obtaining private information about a living person in such a way that the information can be linked to that individual (the identity of the subject is or may be readily determined by the investigator or associated with the information), the definition of human subject is met.* [Private information includes information about behavior that occurs in a context in which an individual can reasonably expect that no observation or recording is taking place, and information which has been provided for specific purposes by an individual and which the individual can reasonably expect will not be made public (for example, a school health record).]

B. Exemptions.

Research activities in which the **only** involvement of human subjects will be in one or more of the following six categories of **exemptions** are not covered by the regulations:

- (1) Research conducted in established or commonly accepted educational settings, involving normal educational practices, such as (a) research on regular and special education instructional strategies, or (b) research on the effectiveness of or the comparison among instructional techniques, curricula, or classroom management methods.
- (2) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior, unless: (a) information obtained is recorded in such a manner that human subjects can be identified, directly or through identifiers linked to the subjects; and (b) any disclosure of the human subjects' responses outside the research could reasonably place the subjects at risk of criminal or civil liability or be damaging to the subjects' financial standing, employability, or reputation. ***If the subjects are children, exemption 2 applies only to research involving educational tests and observations of public behavior when the investigator(s) do not participate in the activities being observed. Exemption 2 does not apply if children are surveyed or interviewed or if the research involves observation of public behavior and the investigator(s) participate in the activities being observed.*** [Children are defined as persons who have not attained the legal age for consent to treatments or procedures involved in the research, under the applicable law or jurisdiction in which the research will be conducted.]
- (3) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior that is not exempt under section (2) above, if the human subjects are elected or appointed public officials or candidates for public office; or federal statute(s) require(s) without exception that the confidentiality of the personally identifiable information will be maintained throughout the research and thereafter.

- (4) Research involving the collection or study of existing data, documents, records, pathological specimens, or diagnostic specimens, if these sources are publicly available or if the information is recorded by the investigator in a manner that subjects cannot be identified, directly or through identifiers linked to the subjects.
- (5) Research and demonstration projects which are conducted by or subject to the approval of department or agency heads, and which are designed to study, evaluate, or otherwise examine: (a) public benefit or service programs; (b) procedures for obtaining benefits or services under those programs; (c) possible changes in or alternatives to those programs or procedures; or (d) possible changes in methods or levels of payment for benefits or services under those programs.
- (6) Taste and food quality evaluation and consumer acceptance studies, (a) if wholesome foods without additives are consumed or (b) if a food is consumed that contains a food ingredient at or below the level and for a use found to be safe, or agricultural chemical or environmental contaminant at or below the level found to be safe, by the Food and Drug Administration or approved by the Environmental Protection Agency or the Food Safety and Inspection Service of the U.S. Department of Agriculture.

II. Instructions for Exempt and Nonexempt Human Subjects Research Narratives

If the applicant marked "Yes" for Item 3 of Department of Education Supplemental Information for SF 424, the applicant must provide a human subjects "exempt research" or "nonexempt research" narrative. Insert the narrative(s) in the space provided. If you have multiple projects and need to provide more than one narrative, be sure to label each set of responses as to the project they address.

A. Exempt Research Narrative.

If you marked "Yes" for item 3 a. and designated exemption numbers(s), provide the "exempt research" narrative. The narrative must contain sufficient information about the involvement of human subjects in the proposed research to allow a determination by

ED that the designated exemption(s) are appropriate. The narrative must be succinct.

B. Nonexempt Research Narrative.

If you marked "No" for item 3 a. you must provide the "nonexempt research" narrative. The narrative must address the following seven points. Although no specific page limitation applies to this section of the application, be succinct.

- (1) **Human Subjects Involvement and Characteristics:** Provide a detailed description of the proposed involvement of human subjects. Describe the characteristics of the subject population, including their anticipated number, age range, and health status. Identify the criteria for inclusion or exclusion of any subpopulation. Explain the rationale for the involvement of special classes of subjects, such as children, children with disabilities, adults with disabilities, persons with mental disabilities, pregnant women, prisoners, institutionalized individuals, or others who are likely to be vulnerable
- (2) **Sources of Materials:** Identify the sources of research material obtained from individually identifiable living human subjects in the form of specimens, records, or data. Indicate whether the material or data will be obtained specifically for research purposes or whether use will be made of existing specimens, records, or data.
- (3) **Recruitment and Informed Consent:** Describe plans for the recruitment of subjects and the consent procedures to be followed. Include the circumstances under which consent will be sought and obtained, who will seek it, the nature of the information to be provided to prospective subjects, and the method of documenting consent. State if the Institutional Review Board (IRB) has authorized a modification or waiver of the elements of consent or the requirement for documentation of consent.
- (4) **Potential Risks:** Describe potential risks (physical, psychological, social, legal, or other) and assess their likelihood and

seriousness. Where appropriate, describe alternative treatments and procedures that might be advantageous to the subjects.

- (5) **Protection Against Risk:** Describe the procedures for protecting against or minimizing potential risks, including risks to confidentiality, and assess their likely effectiveness. Where appropriate, discuss provisions for ensuring necessary medical or professional intervention in the event of adverse effects to the subjects. Also, where appropriate, describe the provisions for monitoring the data collected to ensure the safety of the subjects.
- (6) **Importance of the Knowledge to be Gained:** Discuss the importance of the knowledge gained or to be gained as a result of the proposed research. Discuss why the risks to subjects are reasonable in relation to the anticipated benefits to subjects and in relation to the importance of the knowledge that may reasonably be expected to result.
- (7) **Collaborating Site(s):** If research involving human subjects will take place at collaborating site(s) or other performance site(s), name the sites and briefly describe their involvement or role in the research.

INSTRUCTIONS FOR ED FORM 524

GENERAL INSTRUCTIONS

This form is used to apply to individual U.S. Department of Education (ED) discretionary grant programs. Unless directed otherwise, provide the same budget information for each year of the multi-year funding request. Pay attention to applicable program specific instructions, if attached. Please consult with your Business Office prior to submitting this form.

SECTION A: BUDGET SUMMARY — U.S. DEPARTMENT OF EDUCATION FUNDS

All applicants must complete Section A and provide a breakdown by the applicable budget categories shown in lines 1-11.

Lines 1-11, columns (a)-(e): For each project year for which funding is requested, show the total amount requested for each applicable budget category.

Lines 1-11, column (f): Show the multi-year total for each budget category. If funding is requested for only one project year, leave this column blank.

Line 12, columns (a)-(e): Show the total budget request for each project year for which funding is requested.

Line 12, column (f): Show the total amount requested for all project years. If funding is requested for only one year, leave this space blank.

Indirect Cost Information: If you are requesting reimbursement for indirect costs on line 10, this information is to be completed by your Business Office.

- (1) Indicate whether or not your organization has an Indirect Cost Rate Agreement that was approved by the Federal government.
- (2) If you checked "yes" in (1), indicate in (2) the beginning and ending dates covered by the Indirect Cost Rate Agreement. In addition, indicate whether ED or another Federal agency (Other) issued the approved agreement. If you check "Other," specify the name of the Federal agency that issued the approved agreement.
- (3) If you are applying for a grant under a Restricted Rate Program (34 CFR 75.563 or 76.563), indicate whether you are using a restricted indirect cost rate that is included on your approved Indirect Cost Rate Agreement or whether you are using a restricted indirect cost rate that complies with 34 CFR 76.564(c)(2). Note: State or local government agencies may not use the provision for a restricted indirect cost rate specified in 34 CFR 76.564(c)(2). Check only one response. Leave blank, if this item is not applicable.

SECTION B: BUDGET SUMMARY — NON-FEDERAL FUNDS

If you are required to provide or volunteer to provide matching funds or other non-Federal resources to the project, these should be shown for each applicable budget category on lines 1-11 of Section B.

Lines 1-11, columns (a)-(e): For each project year, for which matching funds or other contributions are provided, show the total contribution for each applicable budget category.

Lines 1-11, column (f): Show the multi-year total for each budget category. If non-Federal contributions are provided for only one year, leave this column blank.

Line 12, columns (a)-(e): Show the total matching or other contribution for each project year.

Line 12, column (f): Show the total amount to be contributed for all years of the multi-year project. If non-Federal contributions are provided for only one year, leave this space blank.

SECTION C: BUDGET NARRATIVE

[Attach separate sheet(s)] Pay attention to applicable program specific instructions, if attached.

1. Provide an itemized budget breakdown, and justification by project year, for each budget category listed in Sections A and B. For grant projects that will be divided into two or more separately budgeted major activities or sub-projects, show for each budget category of a project year the breakdown of the specific expenses attributable to each sub-project or activity.
2. If applicable to this program, provide the rate and base on which fringe benefits are calculated.
3. If you are requesting reimbursement for indirect costs on line 10, this information is to be completed by your Business Office. Specify the estimated amount of the base to which the indirect cost rate is applied and the total indirect expense. Depending on the grant program to which you are applying and/or your approved Indirect Cost Rate Agreement, some direct cost budget categories in your grant application budget may not be included in the base and multiplied by your indirect cost rate. For example, you must multiply the indirect cost rates of "Training grants" (34 CFR 75.562) and grants under programs with "Supplement not Supplant" requirements ("Restricted Rate" programs) by a "modified total direct cost" (MTDC) base (34 CFR 75.563 or 76.563). Please indicate which costs are included and which costs are excluded from the base to which the indirect cost rate is applied.

When calculating indirect costs (line 10) for "Training grants" or grants under "Restricted Rate" programs, you must refer to the information and examples on ED's Web site at:

www.ed.gov/fund/grant/apply/appforms/appforms.html.

You may also contact 202-377-3838 for additional information regarding calculating indirect cost rates or general indirect cost rate information.

4. Provide other explanations or comments you deem necessary.

PAPERWORK BURDEN STATEMENT

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. The valid OMB control number for this information collection is **1894-0008**. The time required to complete this information collection is estimated to vary from 13 to 22 hours per response, with an average of 17.5 hours per response, including the time to review instructions, search existing data sources, gather the data needed, and complete and review the information collection. If you have any comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to:

PART III: APPLICATION NARRATIVE

This narrative section of the application requires applicants to address the selection criteria that will be used by reviewers in evaluating individual applications. Please refer to the “Selection Criteria and Format” sections in this package for the competition to which you wish to submit an application.

Also, all of the competitions covered by this package have page limitations for the application narrative. Please refer to the “Page Limits” information for the competition to which you wish to submit an application.

PART IV: ASSURANCES AND CERTIFICATIONS

ASSURANCES — NON-CONSTRUCTION PROGRAMS

Public reporting burden for this collection of information is estimated to average 15 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Management and Budget, Paperwork Reduction Project (0348-0040), Washington, DC 20503

PLEASE DO NOT RETURN YOUR COMPLETED FORM TO THE OFFICE OF MANAGEMENT AND BUDGET. SEND IT TO THE ADDRESS PROVIDED BY THE SPONSORING AGENCY.

Note: Certain of these assurances may not be applicable to your project or program. If you have questions, please contact the awarding agency. Further, certain Federal awarding agencies may require applicants to certify to additional assurances. If such is the case, you will be notified.

As the duly authorized representative of the applicant I certify that the applicant:

1. Has the legal authority to apply for Federal assistance, and the institutional, managerial and financial capability (including funds sufficient to pay the non-Federal share of project cost) to ensure proper planning, management, and completion of the project described in this application.
2. Will give the awarding agency, the Comptroller General of the United States, and if appropriate, the State, through any authorized representative, access to and the right to examine all records, books, papers, or documents related to the award; and will establish a proper accounting system in accordance with generally accepted accounting standards or agency directives.
3. Will establish safeguards to prohibit employees from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest, or personal gain.
4. Will initiate and complete the work within the applicable time frame after receipt of approval of the awarding agency.
5. Will comply with the Intergovernmental Personnel Act of 1970 (42 U.S.C. §§4728-4763) relating to prescribed standards for merit systems for programs funded under one of the 19 statutes or regulations specified in Appendix A of OPM's Standards for a Merit System of Personnel Administration (5 C.F.R. 900, Subpart F).
6. Will comply with all Federal statutes relating to nondiscrimination. These include but are not limited to: (a) Title VI of the Civil Rights Act of 1964 (P.L. 88-352) which prohibits discrimination on the basis of race, color or national origin; (b) Title IX of the Education Amendments of 1972, as amended (20 U.S.C. §§1681-1683, and 1685-1686), which prohibits discrimination on the basis of sex; (c) Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. §794), which prohibits discrimination on the basis of handicaps; (d) the Age Discrimination Act of 1975, as amended (42 U.S.C. §§ 6101-6107), which prohibits discrimination on the basis of age; (e) the Drug Abuse Office and Treatment Act of 1972 (P.L. 92-255), as amended, relating to nondiscrimination on the basis of drug abuse; (f) the Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment and Rehabilitation Act of 1970 (P.L. 91-616), as amended, relating to nondiscrimination on the basis of alcohol abuse or alcoholism; (g) §§ 523 and 527 of the Public Health Service Act of 1912 (42 U.S.C. §§ 290 dd-3 and 290 ee 3), as amended, relating to confidentiality of alcohol and drug abuse patient records; (h) Title VIII of the Civil Rights Act of 1968 (42 U.S.C. § 3601 et seq.), as amended, relating to nondiscrimination in the sale, rental or financing of housing; (i) any other nondiscrimination provisions in the specific statute(s) under which application for Federal assistance is being made; and (j) the requirements of any other nondiscrimination statute(s) which may apply to the application.
7. Will comply, or has already complied, with the requirements of Titles II and III of the uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (P.L. 91-646), which provide for fair and equitable treatment of persons displaced or whose property is acquired as a result of Federal or federally assisted programs. These requirements apply to all interests in real property acquired for project purposes regardless of Federal participation in purchases.

8. Will comply, as applicable, with the provisions of the Hatch Act (5 U.S.C. §§1501-1508 and 7324-7328) which limit the political activities of employees whose principal employment activities are funded in whole or in part with Federal funds.
9. Will comply, as applicable, with the provisions of the Davis-Bacon Act (40 U.S.C. §§276a to 276a-7), the Copeland Act (40 U.S.C. §276c and 18 U.S.C. §874) and the Contract Work Hours and Safety Standards Act (40 U.S.C. §§ 327-333), regarding labor standards for federally assisted construction subagreements.
10. Will comply, if applicable, with flood insurance purchase requirements of Section 102(a) of the Flood Disaster Protection Act of 1973 (P.L. 93-234) which requires recipients in a special flood hazard area to participate in the program and to purchase flood insurance if the total cost of insurable construction and acquisition is \$10,000 or more.
11. Will comply with environmental standards which may be prescribed pursuant to the following: (a) institution of environmental quality control measures under the National Environmental Policy Act of 1969 (P.L. 91-190) and Executive Order (EO) 11514; (b) notification of violating facilities pursuant to EO 11738; (c) protection of wetlands pursuant to EO 11990; (d) evaluation of flood hazards in floodplains in accordance with EO 11988; (e) assurance of project consistency with the approved State management program developed under the Coastal Zone Management Act of 1972 (16 U.S.C. §§1451 et seq.); (f) conformity of Federal actions to State (Clear Air) Implementation Plans under Section 176(c) of the Clear Air Act of 1955, as amended (42 U.S.C. §§7401 et seq.); (g) protection of underground sources of drinking water under the Safe Drinking Water Act of 1974, as amended, (P.L. 93-523); and (h) protection of endangered species under the Endangered Species Act of 1973, as amended, (P.L. 93-205).
12. Will comply with the Wild and Scenic Rivers Act of 1968 (16 U.S.C. §§1721 et seq.) related to protecting components or potential components of the national wild and scenic rivers system.
13. Will assist the awarding agency in assuring compliance with Section 106 of the National Historic Preservation Act of 1966, as amended (16 U.S.C. §470), EO 11593 (identification and protection of historic properties), and the Archaeological and Historic Preservation Act of 1974 (16 U.S.C. §§469a-1 et seq.).
14. Will comply with P.L. 93-348 regarding the protection of human subjects involved in research, development, and related activities supported by this award of assistance.
15. Will comply with the Laboratory Animal Welfare Act of 1966 (P.L. 89-544, as amended, 7 U.S.C. §§2131 et seq.) pertaining to the care, handling, and treatment of warm blooded animals held for research, teaching, or other activities supported by this award of assistance.
16. Will comply with the Lead-Based Paint Poisoning Prevention Act (42 U.S.C. §§4801 et seq.) which prohibits the use of lead- based paint in construction or rehabilitation of residence structures.
17. Will cause to be performed the required financial and compliance audits in accordance with the Single Audit Act Amendments of 1996 and OMB Circular No. A-133, "Audits of States, Local Governments, and Non-Profit Organizations."
18. Will comply with all applicable requirements of all other Federal laws, executive orders, regulations and policies governing this program.

INSTRUCTIONS FOR COMPLETION OF SF-LLL, DISCLOSURE OF LOBBYING ACTIVITIES

This disclosure form shall be completed by the reporting entity, whether subawardee or prime Federal recipient, at the initiation or receipt of a covered Federal action, or a material change to a previous filing, pursuant to title 31 U.S.C. section 1352. The filing of a form is required for each payment or agreement to make payment to any lobbying entity for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with a covered Federal action. Complete all items that apply for both the initial filing and material change report. Refer to the implementing guidance published by the Office of Management and Budget for additional information.

1. Identify the type of covered Federal action for which lobbying activity is and/or has been secured to influence the outcome of a covered Federal action.
2. Identify the status of the covered Federal action.
3. Identify the appropriate classification of this report. If this is a follow-up report caused by a material change to the information previously reported, enter the year and quarter in which the change occurred. Enter the date of the last previously submitted report by this reporting entity for this covered Federal action.
4. Enter the full name, address, city, State and zip code of the reporting entity. Include Congressional District, if known. Check the appropriate classification of the reporting entity that designates if it is, or expects to be, a prime or subaward recipient. Identify the tier of the subawardee, e.g., the first subawardee of the prime is the 1st tier. Subawards include but are not limited to subcontracts, subgrants and contract awards under grants.
5. If the organization filing the report in item 4 checks "Subawardee," then enter the full name, address, city, State and zip code of the prime Federal recipient. Include Congressional District, if known.
6. Enter the name of the federal agency making the award or loan commitment. Include at least one organizational level below agency name, if known. For example, Department of Transportation, United States Coast Guard.
7. Enter the Federal program name or description for the covered Federal action (item 1). If known, enter the full Catalog of Federal Domestic Assistance (CFDA) number for grants, cooperative agreements, loans, and loan commitments.
8. Enter the most appropriate Federal identifying number available for the Federal action identified in item 1 (e.g., Request for Proposal (RFP) number; Invitations for Bid (IFB) number; grant announcement number; the contract, grant, or loan award number; the application/proposal control number assigned by the Federal agency). Included prefixes, e.g., "RFP-DE-90-001."
9. For a covered Federal action where there has been an award or loan commitment by the Federal agency, enter the Federal amount of the award/loan commitment for the prime entity identified in item 4 or 5.
10. (a) Enter the full name, address, city, State and zip code of the lobbying registrant under the Lobbying Disclosure Act of 1995 engaged by the reporting entity identified in item 4 to influence the covered Federal action.
(b) Enter the full names of the individual(s) performing services, and include full address if different from 10(a). Enter Last Name, First Name, and Middle Initial (MI).
11. The certifying official shall sign and date the form, print his/her name, title and telephone number.

SURVEY ON ENSURING EQUAL OPPORTUNITY FOR APPLICANTS

PURPOSE

The Federal government is committed to ensuring that all qualified applicants, small or large, non-religious or faith-based, have an equal opportunity to compete for Federal funding. In order for us to better understand the population of applicants for Federal funds, we are asking nonprofit private organizations (not including private universities) to fill out this survey.

Upon receipt, the survey will be separated from the application. Information provided on the survey will not be considered in any way in making funding decisions and will not be included in the Federal grants database. While your help in this data collection process is greatly appreciated, completion of this survey is voluntary.

INSTRUCTIONS FOR SUBMITTING THE SURVEY

If you are applying using a hard copy application, please place the completed survey in an envelope labeled "Applicant Survey." Seal the envelope and include it along with your application package. If you are applying electronically, please submit this survey along with your application.

PAPERWORK BURDEN STATEMENT

According to the *Paperwork Reduction Act of 1995*, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. The valid OMB control number for this information collection is 1894-0010. The time required to complete this information collection is estimated to average five (5) minutes per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. **If you have any comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to:** The Agency Contact listed in this grant application package.

PROGRAM PERFORMANCE MEASURES UNDER THE *GOVERNMENT PERFORMANCE AND RESULTS ACT (GPRA)*

WHAT IS *GPRA*

The *Government Performance and Results Act* of 1993 is a straightforward statute that requires all Federal agencies to manage their activities with attention to the consequences of those activities. Each agency is to clearly state what it intends to accomplish, identify the resources required, and periodically report its progress to the Congress. In doing so, it is expected that *GPRA* will contribute to improvements in accountability for the expenditures of public funds, improve Congressional decision-making through more objective information on the effectiveness of Federal programs, and promote a new government focus on results, service delivery, and customer satisfaction.

HOW HAS THE UNITED STATES DEPARTMENT OF EDUCATION RESPONDED TO THE *GPRA* REQUIREMENTS?

As required by *GPRA*, the United States Department of Education (the Department) has prepared a strategic plan for 2002-2007. This plan reflects the Department's priorities and integrates them with its mission and program authorities and describes how the Department will work to improve education for all children and adults in the United States. The Department's goals, as listed in the plan, are:

- Goal 1:** Create a Culture of Achievement: Create a culture of achievement throughout the nation's education system by effectively implementing the new law, the No Child Left Behind Act of 2001, and by basing all federal education programs on its principles: accountability, flexibility, expanded parental options and doing what works.
- Goal 2:** Improve Student Achievement: Improve student achievement for all groups of students by putting reading first, expanding high-quality mathematics and science teaching, reforming high schools, and boosting teacher and principal quality, thereby closing the achievement gap.
- Goal 3:** Develop Safe Schools and Strong Character: Establish disciplined and drug-free education environments that foster the development of good character and citizenship.
- Goal 4:** Transform Education into an Evidence-based Field: Strengthen the quality of education research.
- Goal 5:** Enhance the Quality of and Access to Postsecondary and Adult Education: Increase opportunities for students and the effectiveness of institutions.
- Goal 6:** Establish Management Excellence: Create a culture of accountability throughout the Department of Education.

DUNS NUMBER INSTRUCTIONS

D-U-N-S No.

Please provide the applicant's D-U-N-S Number. You can obtain your D-U-N-S Number at no charge by calling 1-800-333-0505 or by completing a D-U-N-S Number Request Form. The form can be obtained via the Internet at the following URL:

www.dnb.com

The D-U-N-S Number is a unique nine-digit number that does not convey any information about the recipient. A built in check digit helps assure the accuracy of the D-U-N-S Number. The ninth digit of each number is the check digit, which is mathematically related to the other digits. It lets computer systems determine if a D-U-N-S Number has been entered correctly.

Dun & Bradstreet, a global information services provider, has assigned D-U-N-S numbers to over 43 million companies worldwide.
